

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY.

VOLUME 7

ADA, OKLAHOMA, WEDNESDAY EVENING, JUNE 8, 1910

NUMBER 55

FIVE CANDIDATES FOR GOVERNOR WILL HAVE FIVE DISCUSSIONS

Cruce, Murray, Ross, Robertson and Kirk Will Come to Ada in a Bunch One Month From Today.

Anadarko, Enid, Oklahoma City, Ada and Durant, respectively, are the cities listed for a general gubernatorial democratic candidate debate in July. Articles of agreement for this were signed Tuesday, and Lee Cruce, William H. Murray, Brant Kirk, Leslie P. Ross and J. B. A. Robertson are to be the debaters, all each day. The debates, five in number, start Tuesday, July 5, and end Saturday July 9.

According to the terms of the agreement speaking will be in the nature of continuous performance, broken only by intermissions for lunch. Each day the debate starts at 10:30 in the morning. A speech is to be one hour and a half and added time for interruptions made by members of the audiences. After the first speech comes adjournment for the noonday meal, the four others to follow, which at one hour and one-half each means six hours, plus interruptions.

It is hereby agreed by and between the representatives of the following democratic candidates for governor, to-wit: Brant Kirk, Wm. H. Murray, Leslie P. Ross, Lee Cruce and J. B. A. Robertson, that five joint discussions shall be held in the state of Oklahoma on the following dates and at the following places, to-wit: Thursday, July 5th, Anadarko; Wednesday, July 6th, Enid; Thursday, July 7th, Oklahoma City; Friday, July 8th, Ada; Saturday, July 9th, Durant.

It is further agreed that the candidates shall speak in the following order, to-wit:

At the first meeting, Kirk, Murray, Ross, Cruce, Robertson; that the first speaker then goes to the foot of the list, leaving the second man to speak first at the second meeting and so on through the list.

It is further agreed that each candidate shall have one hour and thirty minutes at each meeting and that interruptions not invited by the speakers shall not be counted against his time.

It is further agreed that an official time-keeper shall be selected at each meeting by a majority vote of

the contesting candidates.

It is further agreed that speaking shall begin at 10:30 o'clock A. M. of each day, with intermission for dinner after first speech.

Witness our hands 7th day of June, 1910.

A. J. Carlisle, Representing Brant Kirk.

Press T. Lester, Representing Wm. H. Murray.

Al J. Jennings, Representing L. P. Ross.

Jno. R. Williams, Representing Lee Cruce.

G. A. Smith, Representing J. B. A. Robertson.

ULTIMATUM GIVEN GENERAL

Commander Harold of Gunboat Dubuque Talks Plainly to Rivas.

Bluefields, Nicaragua, June 7.—"At the first shot fired against the American flag or an American vessel, I will level the bluff."

This is the reply made today by Commander Harold K. Sines, commanding the American gunboat Dubuque, to a threat made by Gen. Rivas of the Madriz forces holding Bluefields Bluff to stop by force any vessels of whatever nationality entering the harbor.

REPORT OF LOCAL WEATHER BUREAU

Prof. Howerton has kindly furnished us a summary report on the temperature and rainfall for the first three days of this week. He has charge of the station while Prof. Brooks is away at Chicago. Prof. Howerton will furnish us the reports daily. He calls attention to the ideal weather we are having, adding that crops, and as for that matter all plant life, are growing very rapidly.

EARTHQUAKE SHOCKS ITALY

HOUSES TUMBLE AND BURY OCCUPANTS IN THE RUINS.

TROOPS ARE ORDERED OUT

King and Queen on the Scene—\$1,000,000 Relief Fund Asked.

Naples, June 7.—Three earthquake shocks of great violence occurred in the vicinity of Avellino Province this morning. The town of Calitri is reported half destroyed. Twenty people are said to have been killed there.

The first shock occurred at 3:07 this morning while the people were still in their beds. Many houses at Calitri tumbled burying the occupants in the ruins. Those who escaped death or serious injury fled terror stricken from their homes and into the country. None waited to don their street clothes and as a result many suffered from exposure.

Troops Ordered Out.

Troops were dispatched from all quarters into the affected district as soon as the loss of life and property damage became known. Shocks were felt here, but no damage was done in this immediate vicinity.

Other Towns Shaken.

News from Salerno at the head of the Gulf of Salerno, thirty miles southeast of Naples, is to the effect that the shocks caused considerable damage there.

A panic was created at Terre Annunziata and Terre Del Creco, where the population live in constant fear of an eruption from Mount Vesuvius. Reports from Basilicata say the shock was severely felt at Potenza. Similar reports come from Paola and Catanzaro.

King and Queen on Scene.

Rome, June 7.—The king, accompanied by Queen Helena, left for Avellino on a special train this afternoon. Two automobiles for their use were placed on the train.

Queen Insists on Going.

Her majesty insisted on going with the king instead of sending some one to represent her. The queen declared her experience at Messina convinced her of the need of some one with authority who understood how to deal with such emergencies and to give first aid. The government has decided to ask parliament for an appropriation of \$100,000 for an immediate relief fund.

Shocks were also felt in Valata,

Here is the Smart "Ginger" Oxfords FOR THE LIVE YOUNG FELLOWS

Tan, Blacks, Patents made in the high heels, lace ar button, \$3.50, \$4.00, \$5.00 and \$6.00. You'll agree with us when you come here that this is the greatest shoe store in town—not merely greatness in size, but in the wonderful variety and the excellent styles of oxfords and shoes we're showing.

We do not confine our shoes only to one manufacture; we specialize four of the biggest and best shoe houses the market produces.

Bench made \$5 to \$6 the Hanan & Son; \$3.50 to \$4 the Walk-Over; \$2.50 to \$4 the W. L. Douglas; for an unbreakable patent at \$4.00

Now in his new store, corner of Main and Broadway, Ada, Oklahoma

where several houses fell and a number of people were injured. So far as known no one was killed there.

At San Sossio, a village of 2,300 inhabitants, several houses fell and a number of people were injured.

The perfect of Avellino sent urgent messages to the government asking for \$2,000 for immediate use. Premier Luzzatti at once forwarded \$10,000 to the prefect.

PLAN TO SAVE LIFE OF KENTUCKY LAD

KENTUCKY CONGRESSMAN SEEKING EVIDENCE TO SAVE LIFE OF BOY.

Sentenced to Be Shot Next Saturday at Sunrise at Ft. Sill for Killing Officer.

Catlettsburg, Ky., June 6.—Congressman John W. Langley, of the tenth Kentucky district, left here this morning for Letchner county to collect the evidence which he says will prove available to the war department in Washington for the saving of Roland Campbell, aged sixteen, who is said to be under sentence to be shot at sunrise at Fort Sill, Ok., Saturday morning. Congressman Langley has become interested in the case through the intervention of Judge Carpenter, of Grayson, Ky., an uncle of the lad, and who is very much worked up over the fact that his nephew is sentenced to be shot. Congressman Langley said here this morning that he hopes to have this evidence he is gathering in order tomorrow morning and that he will then proceed to Washington to lay before the war department the matter of the young man's commutation.

Young Campbell ran away from home and his people were unaware of his whereabouts until yesterday when they received word to the effect that he was to be shot at sunrise next Saturday morning for shooting an officer. They immediately went to Congressman Langley and he says that unless the case is closed by the time he reaches Washington, he will have good reason to secure the young man's commutation. He wired this morning to Secretary of War Dickinson to delay action on the case until he comes to Washington.

East Central State Normal School Building Which Will Have Been Completed by the Twenty-fifth of This Month

The work is rapidly nearing com-
pletion on one of the best—if not the
best—and most beautifully designed
school buildings in the state.

To be sure you have seen the new
normal building now nearing comple-
tion, and doubtless you have gone
through and looked it over; for nearly
everybody who lives here or stops
in Ada does. But do you really know
just how much there is to that mas-
sive—though beautifully designed
structure which adorns the head of
East Main street, attracting favorable
attention from all who see it?

Let us take a look at the building
which is so pleasing in effect and
we shall see a massive fire proof
structure in the shape of a T with a
frontage, including porches, of two
hundred and thirty feet, nearly one
hundred yards, and a total depth of
one hundred and sixty-two feet, over
half a hundred yards. Well lighted,
too, it is with large windows scienti-
fically constructed. Look at the en-
trances, the front a beautiful design
and a solid concrete construction.
While the side entrances are not so
pretentious they are equally mas-
sive and are built of the same ma-
terial, and there is the front porch
with gable facing the street, and
supported by six gigantic columns.
All these things together with the
commanding position which the nor-
mal occupies impresses one with the
grandeur and magnitude of the archi-
tecture.

But utility rather than ornament
is what makes things practical, so in

design we find this building second to
none in the state. The basement is
divided into twelve large roomy class
rooms which will be used as follows:
Botany, two plant rooms, agriculture,
manual training, stock room, kitchen
and model dining room. This divi-
sion of the building contains also a
large room 48x56 feet which will
contain the immense heating plant and
ventilating system; furthermore,
a boys' and girls' gymnasium which
will be equipped with the best known
fixtures for such purposes. Then
there is the shower bath arranged
separately for boys and girls.

The first floor arrangements con-
sist of 12 class rooms divided into
rooms for recitation and study; also
rooms for architectural and me-
chanical drawing, clay modeling, ru-
ral school work, freehand drawing,
matron's and principal's room, teach-
ers' room. On this floor is located the
immense auditorium with a floor
space of 64x96 feet which together
with the gallery will seat approxi-
mately two thousand people. The au-
ditorium is provided with ample
stage and side entrance rooms. Every
precaution has been taken in case of
fire, which seems impossible in this
building, to provide exits from this
and other parts of the structure. The
auditorium is beyond a doubt the fin-
est in Oklahoma.

The second floor is also divided in-
to twelve spacious rooms and will
be used for history, science, manual
training, lecture, physiology, geog-
raphy, language and domestic
science. Here two rooms are provid-

ed for teachers as rest rooms. The
entrance to the gallery is from this
floor. All three floors of the build-
ing have double entrance doors and
vestibule partitions. All wood fin-
ish throughout the building is of
gum, stained a beautiful mahogany.
All plastering is a white sand finish,
all corridors and toilet rooms
have panel wainscoting of cement all
to be enameled white. The entire
floors of the basement and all cor-
ridor floors of the first and second
story, are finished in cement. The in-
side stairways are beautiful in ef-
fect, all being of solid concrete with
the exception of having Georgia mar-
ble treads and iron railings and posts.
You may know this will be one of the
finest finished buildings in the state
—above all well constructed in de-
tail to suit its purpose nothing is
left undone. There is class room
and more than enough for fifteen
hundred students.

The Texas Building Company who
are the builders have endeavored to
use all local material and labor pos-
sible, and it must not be forgotten
that an Ada institution the Oklaho-
ma Portland Cement Co. furnished the
cement used in the construction.

We find Mr. C. E. Van Gorden, the
superintendent of construction, a very
affable gentleman and we are indebt-
ed to him for showing and describ-
ing the building to us. If we are not
mistaken, he remarked that this is
his twenty-second big building to
construct—a long and successful ex-
perience to be sure.

FARMER'S WIFE HAD HEAP TO DO

Mrs. Shepherd Was in Bad Shape
When She Could Not Stand on
Her Feet.

Durham, N. C.—"I am a farmer's
wife," writes Mrs. J. M. Shepherd, of
this city, "and have a heap to do."
"Four months ago I could not stand
on my feet, to do anything much, but at
this time I do the most of my work. I
took Cardui and it did me more good
than all the doctors."

"You don't know half how I thank you
for the Cardui Home Treatment. I wish
that all women who suffer from womanly
trouble would treat themselves as I have."
Ladies can easily treat themselves at
home, with Cardui, the woman's tonic.
It is easy to take, and so gentle in its
action, that it cannot do anything but
good.

Being composed exclusively of vege-
table ingredients, Cardui cannot lay up
trouble in your system, as mineral drugs
often do. Its ingredients having no
harsh, medicinal effects, and being non-
poisonous and perfectly harmless, Cardui
is absolutely safe for young and old.

Ask your druggist. He will tell you to
try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chat-
tanooga Medicine Co., Chattanooga, Tenn., for Special
Instructions, and 64-page book, "Home Treatment
for Women," sent in plain wrapper, on request.

MANAGER TO SUE JOHNSON.

Little and Johnson Have Quarrel
Over Cooking.

San Francisco, June 7.—After se-
curing an attorney late yesterday
George Little declared that he would
take immediate legal action to secure
this position as manager for Jack
Johnson. Little said that the trouble
between himself and Johnson began
when he wrote for the mother and
sister of the champion to come to
the training camp to do the cooking.
According to the manager's story,
Johnson objected so strongly to this
action that a fierce quarrel ensued.
This trouble culminated yesterday
in a row which led to the replacing
as gate keeper of Little by Sig Hart.
Threats of a gun play became so
frequent yesterday that some ex-
citement was caused by a visit to
Chief of Police Martin by Little. The
chief would not interfere.

Little says that Johnson owes him
\$25,000 put up for stakes and to pay
the expenses of the negro's sick brother.

A permit was granted yesterday to
erect an arena in Central Park in
which to hold the fight.

NOTICE

I will start my market wagon in
a few days. I have sprayed my fruit
and will have nice, clean fruit. I will
also have some nice vegetables.

Cheap and
Big Can Baking
Powder is Only Big in Size - Not
in Satisfaction - Not in Economy

A large can and a small cost does not make baking powder cheap—
or even less expensive than Calumet—the high-quality, moderate-price
kind. It certainly cannot make it as good. Don't judge baking powder in
this way—the real test—the proof of raising power, of evenness, uniformity,
wholesomeness and deliciousness will be found only in the baking.

CALUMET the Happy Medium
BAKING POWDER

is a better baking powder than you have ever used be-
fore. And we will leave it to your good judgment for
proof. Buy a can today. Try it for any baking pur-
pose. If the results are not better—if the baking is not
lighter, more delicious, take it back and get your money.
Calumet is medium in price—but great in satisfaction.
Free—large handsome recipe book, illustrated in colors.
Send 4c and slip found in pound can.

Calumet Received Highest Award—

Mrs. M. Z. Nettles and daughter came in from Lawrence to visit with Ada friends.

Mrs. Frank Kote and Mrs. Leslie Kote are the guests of their sister, Mrs. R. H. Robinson.

Indian Agent Runnels accompanied by his interpreter and policemen of Atoka are Ada visitors today.

Isadore Rosenfield, who attended the university military academy in Columbia, Mo., came home this morning.

Mrs. W. E. Martin and son Ramond, who have been visiting Mrs. W. C. Rollow returned to their home at Guston yesterday.

Dr. Gallohr, of the firm of Drs. Wilson and Gallohr, eye, ear, nose and throat specialists of Shawnee, will be in Ada at Hotel Harris the 2nd and 4th Mondays in each month. Glasses fitted. 23-10t-wtf

SHERMAN WILL PAVE WITH ADA ASPHALT

CONTRACT AWARDED LAST NIGHT AT SHERMAN—D. A. HERRING WILL SUPPLY THE PROD. UCT.

The city of Sherman will pave its streets with Ada asphalt. The city council of the Athens of Texas on last night awarded its Travis street paving contract to Oekanda Bros. of Dallas with Ada asphalt specification. Mr. D. A. Herring has contracted to supply the asphalt from his Ada mines.

HIGH SCHOOL BUILDING TONIGHT

The Recital at Normal Will Be Something You Can Not Afford to Miss.

The year for work and dreaming over books is rapidly drawing to a close for the E. C. N. students and they are thinking of a happy and well earned vacation which is soon to be theirs. That they have fought their fight well will be manifested and verified tonight. The Fine Arts department gives a recital at the high school building which will be a credit to any school and city. You can not afford to miss it, and to give you a smattering idea of what good things you might expect we reprint the program for tonight.

Recital Program

Fine Arts Department.

1. March, Hongroize, Kowalski.

First piano—Miss Mayme Mathews, Mrs. Pentem; second piano—Miss Murray Lucas, Miss Gertrude Case.

2. Knee Deep in June, Riley, Beulah Smootz.

3. a. Horch, horch die Lerch; b. Haiden Roslein, Die duetsche Gesellsch.

4. The Death Bed of Benedict Arnold, Leppard, Carl Robb.

5. The Prison Song from Il Trovatore, Verdi, Miss Gertrude Thompson.

6. Sextette (from Lucia di Lam-momoor), Lescheticky, left hand solo by Miss Murray Lucas.

7. Act scene, "As You Like It," Shakespeare, Clytie Young, Chamblees Sims and Frank Jones.

8. a. Serenade (violin obligati), Schubert; b. Lullaby, Vannag, Miss Inez Cameron.

9. a. Flower in the Crannied Wall, Tennyson; b. Mr. Brown Has His Hair Cut, Miss Carmer Dallas.

10. Act scene, "Julius Caesar," Shakespeare, Messrs. Ray Ethridge and M. J. Williams.

11. March, Hollander. First piano, Miss Mayme Mathews, Mrs. Pentem; second piano Miss Murray Lucas, Miss Gertrude Case.

An admission of 15c will be charged for the exercises given by the Fine Arts Department at the High school building tonight. The auditorium is too small to accommodate all who will come and this will limit the crowd and also give us some much needed revenue with which to pay the expenses incident to the commencement.

***** You should bear in mind the meeting at the court house to-night. The call was made yesterday and lest it slip your mind will call your attention to the fact that one of the most important steps in the history of state will be Saturday. The question whether the business men want to go on record as in favor or against the proposed amendment to Art. 9, of the Oklahoma constitution will be thoroughly discussed and also the advisability of taking some definite action in the matter. This article of the constitution is of just as much importance to you as it is to your neighbor. Why not be heard on it. *****

ROOSEVELT TALKS AT OXFORD

CATAclysmic CHANGES IN FAUNA OF WORLD COMPARED WITH CIVILIZATIONS.

SPEAKERS VOICE FAILS HIM

Unable to Finish Latter Part of Lecture—Sails for Home June 10.

Oxford, England, June 7.—Oxford today conferred on Theodore Roosevelt the honorary degree of doctor of civil law.

The ceremony took place in the Sheldonian theater, where for more than three centuries it has been the custom to hold the exercises, the annual commemoration of the founders and other official assemblies, but Mr. Roosevelt's reception surpassed in enthusiasm anything within the memory of the oldest Oxonian.

His Romanes lecture, which dealt with "Biological Analogies in History," proved to be a powerful exposition of all the "strange analogies" as the lecturer himself expressed it, "in the phenomena of life and death, of birth, growth and change, between those physical groups of animal life which we designate as species, forms, races and the highly complex and composite entities which rise before our minds when we speak of Nations and civilizations."

Roosevelt's Voice Fails.

Toward the close, Mr. Roosevelt's voice failed and he was obliged to leave undelivered a portion of his prepared lecture, but before he withdrew from the platform the former president had won the great audience that gathered in the theater by his vigorous utterances and forceful gestures, being cheered repeatedly at various stages of his speech. Even the usually solemn red-robed dons were carried away and stood up and joined in the loud-lunged hurrahs of the younger element.

Lord Curzon of Kedleston, chancellor of Oxford University, in introducing the newly created D. C. L., who appeared for the first time in the red robes of the doctorate, spoke of Mr. Roosevelt as "a ruler of men—the most conspicuous figure in America since Abraham Lincoln."

After touching on the former president's many achievements, the chancellor said:

"Although he is now taking a holiday, it is unreasonable that such a man long will remain out of public life."

Following the lecture Mr. Roosevelt and 150 Americans, including all the Rhodes scholars, lunched together. F. P. Griffiths presided and introduced the former president, who expressed the appreciation of all the Americans for the great gift of Cecil Rhodes and the hospitality of Oxonians to scholars.

Ambassador Whitelaw Reid proposed a toast to the King and the president. Speeches were made by several of the Rhodes scholars.

This evening Mr. and Mrs. Roosevelt dined with the vice chancellor of the university and remained at his residence for the night.

Nine cabins have been engaged for the Roosevelt party on the steamer Kaiserin Auguste Victoria, which will sail from Southampton June 10 for New York.

TO THE PUBLIC:

Having bought the stock of hardware formerly owned by the J. M. Collins Hardware Co., we are now ready to serve the public in our line. We solicit a part of your patronage and hope to merit the same by giving you just and honest treatment. Yours very truly, EVANS & DENNIS.

TO DOG OWNERS.

Your dog taxes are due and if not paid by next Friday, the 10th inst., your dog is subject to the death penalty. The tax is one dollar. GEORGE CULVER, Chief of Police.

Industry and Finance

Are dependent on each other. The industrious man attracts money as a magnet attracts iron. His push and enterprise attracts the attention of every successful man of finance, and the BANK will be ready to help him when he needs help. The First National Bank is a friend of industry. GEN. BRANT KIRK ANNOUNCES FOR GOVERNOR

Former Judge-Advocate-General of Sons of Veterans—A Campaign Orator of National Reputation—A Missouri-Texas Democrat—Made a Hard Fight for Prohibition Three Years Ago, When Other Candidates Were Dormant—Puts Hot Blast Under Ross, Cruce and Murray—To Make 200 Speeches From Automobile.

WOULD PEN GAMBLERS AND BOOTLEGGERS

They cost the Courts Millions, Would Devote same to Raise of Teachers' Salaries and to Roads and Bridges, that Farm Lands may advance. Stands for Professional Ethics and the Routing of Quacks; Protect Labor and legitimate Capital; Encourage Manufacturing; Against Federal Interference with State affairs; opposes State Ownership of Coal Mines, means too many appointees and Corrupt Ring Power. Would Put the Demagogue and Negro out of politics; would force Foreign Insurance Companies to invest part of their premiums in the state.—Issues challenge for joint debates to all Candidates.

Oklahoma City Candidate for Governor—Lawyer, Journalist, Ex-Traveling Man.

OPEN CHALLENGE.

To the Public, the Democratic Candidates for Governor, and to Col L. P. Ross in Particular:

I hereby declare myself a candidate for the Democratic nomination for Governor of Oklahoma, and challenge you, Col. Ross, and all other candidates to joint discussions on the stump in 76 counties of the state. Col. Ross, the reason I direct this challenge to you in particular is because you are making a bitter fight on prohibition. You are asking for re-submission and open saloons—the ruin of the young man and society. As yet none of the candidates have had the nerve and backbone to call you to a halt. In fact, they seem to try to ride both horses. Their platitudes indicate it. However, a big majority of their main backers are strong antis. Cruce, Murray nor Robertson have ever dared to make a fight for either side (unless they are recent converts), while I spent six weeks of my time 3 years ago working and stumping for prohibition, and gave \$100.00 to the cause. Rev. E. G. Dinwidy, Rev. J. J. Thompson, of Tampa, Fla., and Rev. E. M. Sweet of Lawton, former managers of the Anti-Saloon League, will testify to this fact. I am unalterably opposed to re-submission, and hold that we are honor bound to keep faith with the terms of the enabling act and keep whiskey out of the state for 21 years. I am in favor of state-wide, national-wide and world-wide prohibition, and if elected governor will do all in my power to have our constitution and laws so remedied that a bootlegger, white slave trafficker, and the bribe giver and the bribe taker, will upon conviction, have to serve at least two years in the penitentiary. I am also in favor of a jail sentence of one year for the bawdy house proprietors and the bogus check crook. Such laws as these I think would make the state clean and save our boys. Neither of us can misrepresent each other in joint debates, nor deceive the people, nor flit with both sides, and the people can better judge who is the best fitted man for Governor.

Kirkly let me know at once if you will debate, and our managers will meet and arrange the itinerary. I am also asking the other candidates to accept this challenge, which is for 76 and not two or three debates. I will put up a forfeit of \$200.00 that I will meet all of you 76 times.

All candidates must put up the same forfeit.

Respectfully submitted,
BRANT KIRK.

PLATFORM AND HIS APPEAL TO THE PEOPLE.

Among other things I advocate loyalty to the Constitution, and its amendment when the public weal demands it; also I endorse the democratic platform and the democratic administration. I advocate taxation of individuals and corporations without discrimination; economy in the expenditure of public funds, and their deposit in home banks paying the greatest interest. I uphold the bank guaranty law. I favor inheritance and income taxation, and an election law disfranchising the ignorant negro; and also endorse the law providing for separate coaches for whites and blacks, with equal accommodations. I advocate educational advancement, compulsory school attendance of four months of the year up to the age of fourteen, and free books when necessary. I favor larger salaries for

teachers, 25 per cent increase; this will keep the best talent in the profession and in the state. I advocate a child labor law, and a more stringent law forbidding quacks, going by the name of doctors, practicing in the state, thus maintaining a high standard of professional ethics, and protecting human life.

I would enlarge the power of the Attorney General. Encourage labor and legitimate capital, and protect them. Both are needed to develop our matchless resources. By non-taxation for 5 years great impetus would be given manufacturing industries, and the state's population and wealth would soon be doubled; farm land would bring garden prices. I favor the building of Macadam roads and good bridges in every township, that farm lands may enhance in value, and town and country people be brought closer together. The criminals of this state cost the taxpayers approximately \$2,000,000.00 annually. This will pay for all the roads and bridges and give teachers an increase of 25 per cent in salaries, if the villains were routed from the state. I favor agricultural training schools conducted scientifically; state maintenance of the Confederate Home, and histories fair to the North and to the South.

I favor more elected and fewer appointed officials that machine power may be lessened. I advocate the encouragement of home enterprises, and would force foreign insurance companies to invest in the state three-fourths of the premiums they collect in it. The amount of premiums taken from the state annually by foreign companies approximates \$3,000,000. I favor laws that will keep money at home and that will bring in more, also stringent usury and collection laws.

I stand for state rights, and shall, if elected Governor, make strenuous efforts to have Congress abridge the power of minor federal judges to the end that our freight rates and two-cent fare may not be wiped out by one stroke of a pen wielded by a foreign judge who knows less of our affairs than we; and that we may enforce our prohibition laws without federal interference.

I would not advise the state to go into the coal mining business or any gigantic undertakings that would open the way for graft and the payment of political debts in the way of hundreds of appointments by the governor. I favor government control but not ownership of railroads; it is undemocratic and dangerous; it means corrupt machine power—too many appointees.

Retain Article 9 of the Constitution. I advocate the dethronement of trusts, the enthronement of the people and the elimination of the demagog. Let intelligence have sway and the wheels of progress be not clogged; then our state will indeed be grand imperial Oklahoma, the pride of her people and the admiration of the world.

Mr. Murray's friends claim he is a farmer. I will wager that I can grind all the corn, cane and alfalfa (no cockleburs) in a coffee mill that he ever raised by the sweat of his own brow. Mr. Murray tries to farm the farmers more than he does his farm.

I appeal to Democrats, and to the good men and women of Oklahoma to support me in this fight and elect a legislature in sympathy with my ideas of government and we will rid the state of a band of criminals that costs the taxpayers millions of dollars and the state thousands of lives and heart-broken mothers. I am not able to pay for brass bands or Murray special trains or to Cruce's big daily papers with gold. In fact I do not own vast tracts of inter-married Indian land (non-taxed) as Mr. Murray and Mr. Cruce. Hence I insist that my friends meet at once in every town, hamlet and school house and organize Kirk clubs. If you favor me for Governor send me a postal card, or send the card to any minister in Oklahoma City. I shall speak in all the counties. Come to hear me. As for my moral standing and ability I refer you to South M. E. churches and citizens of Waco, Texas, McAlester, Okla., and Oklahoma City, where I have lived for almost 25 years, save five years in Missouri and Arkansas, or to Palmetto, N. C., where I was born. I was reared on the farm, belonged to the farmers' club at the age of 18, after the death of both parents. I have made more than a hundred speeches in the North without pay during the last four campaigns. I am sincerely for Oklahoma's progress and development, her honor and good name.

BRANT KIRK,
Lee Hotel, Oklahoma City.

Teachers Organize a Kirk Campaign Committee to Urge the Election of Hon. Brant Kirk.

Oklahoma City, May 23.—We, the Kirk Teachers' Campaign Committee, wish to impress upon the teachers of Oklahoma the importance of electing Gen. Brant Kirk Governor.

We are for him because he is a big broad-gauged statesman—far ahead of the ordinary politician. He is one of the big young men of America, and absolutely honest. He is a true dignified scholarly gentleman, who possesses the brain, forethought, manhood and patriotism to make Oklahoma a greater state. He is the only candidate who has the grit to ask for a 25 per cent increase in teachers' salaries; and the nerve to say he favors routing a band of criminals from the state, by making their crime a felony, who cost the state millions of dollars in court expense. We know him. We know he means business. We insist that every teacher in Oklahoma, irrespective of politics, organize a Kirk Club in his or her respective district, and see that he is nominated for Governor on the Democratic ticket August 2d.

ALL TO BE CRAZY.

Dr. Kellogg Says Many Fatal Diseases on Increase.

Boston, June 8.—"If the increase in insanity keeps up at the present rate, we shall all be insane 265 years from now" said Dr. J. H. Kellogg, professor of surgical pathology and superintendent of the Battle Creek (Mich.) Sanitarium addressing the graduating class of the college of physicians and surgeons yesterday.

"Physical degeneracy and chronic diseases are increasing, continues Dr. Kellogg. "Heart disease has increased 135 per cent in the last 30 years. Kidney disease has increased in Massachusetts almost 165 per cent. We are not making the advance that we ought. Cancer is increasing. One-eighth of adult women who die today die from cancer.

"Insanity has increased 100 per cent in the last 50 years. Fifty years ago there were 9,000 insane people to every million. Today there are 18,000. There are 34,000 idiots and lunatics to every million people in the world. It is due largely to the increased physical degeneracy originating from our manner of living.

"Women particularly are showing the results of this degeneracy in the decreased birth rate and the thriving of the concerns manufacturing infants' foods. Only three women out of four nurse their infants, owing to the physical degeneracy which makes it impossible.

"Seventy-five per cent of the bottle-fed children die before they are a year old."

Tulsa Building Big Factory.

Tulsa, June 8.—The first work toward the erection of the Oklahoma Rod Company's plant started yesterday. The plant will be rushed to early completion and will be in operation by the first of September. By another year it is expected to be the largest plant of its kind in the United States. This is according to W. C. Norris, the president of the company, who is bringing the plant here from Tiona, Pa. The plant is one of the first secured by the Commercial Club under the new regime.

Frisco railroad engineers will arrive in the city this morning to lay out a switch for the unloading of supplies for the building of the plant. Contractors will bid on the construction of the plant tomorrow and the contract will be let immediately. It will specify that the work be begun at once and completed within sixty days. The machinery to be installed will be enroute shortly.

NEGRO SOLDIER ARRESTED.

Private Identified by Nine-Year-Old Girl as Mother's Assailant.

Seattle, Wash., June 6.—Private Nathaniel Bledsoe, Company D, Twenty-fifth infantry, was positively identified today as the man who attacked Mrs. J. W. Redding at her home near Lawton Saturday night. Final identification was made by Mrs. Redding's 9-year-old daughter, Eva, who witnessed the attack and whose screams frightened the man away.

Bledsoe is a negro soldier and was ordered under arrest yesterday, when evidence began to accumulate showing that he was connected with the assault.

STRAIN TOO GREAT.

Hundreds of Ada Readers Find Daily Toil a Burden.

The hustle and worry of business men, The hard work and stooping of workmen, The woman's household cares, Are too great a strain on the kid-neys,

Backache, headache, sidache, Kidney troubles, urinary troubles follow.

An Ada citizen tells you how to cure them all.

E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

INGERSOLL DIRECTOR TO BOOST SAN JOSE, TEXAS.

Dallas, Tex., June 8.—Charles A. Davis, who had a long career as press agent for Forepaugh, Barnum and Sells Bros. and as the director of the lecture tours of Robert G. Ingersoll, and who has been doing the health seeking act in the Southwest for ten years, has settled at young San Jose, Tex., where he has become a member of the staff of Col. A. D. Powers, exploiter in chief of the new town.

San Jose, the locale of which is five miles from San Antonio, is built around the famous Terrell hot sulphur well, the importance of which has been enhanced by the late discovery that its water contains radio-activity.

Mr. Davis, who is well known in Dallas, writes that San Jose has a perfect climate and probably the best sulphur water in the world.

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY.

VOLUME 7

ADA, OKLAHOMA, WEDNESDAY EVENING, JUNE 8, 1910

NUMBER 55

FIVE CANDIDATES FOR GOVERNOR WILL HAVE FIVE DISCUSSIONS

Cruce, Murray, Ross, Robertson and Kirk Will Come to Ada in a Bunch One Month From Today.

Anadarko, Enid, Oklahoma City, Ada and Durant, respectively, are the cities listed for a general gubernatorial democratic candidate debate in July. Articles of agreement for this were signed Tuesday, and Lee Cruce, William H. Murray, Brant Kirk, Leslie P. Ross and J. B. A. Robertson are to be the debaters, all each day. The debates, five in number, start Tuesday, July 5, and end Saturday July 9.

According to the terms of the agreement speaking will be in the nature of continuous performance, broken only by intermissions for lunch. Each day the debate starts at 10:30 in the morning. A speech is to be one hour and a half and added time for interruptions made by members of the audiences. After the first speech comes adjournment for the noonday meal, the four others to follow, which at one hour and one-half each means six hours, plus interruptions.

It is hereby agreed by and between the representatives of the following democratic candidates for governor, to-wit: Brant Kirk, Wm. H. Murray, Leslie P. Ross, Lee Cruce and J. B. A. Robertson, that five joint discussions shall be held in the state of Oklahoma on the following dates and at the following places, to-wit: Thursday, July 5th, Anadarko; Wednesday, July 6th, Enid; Thursday, July 7th, Oklahoma City; Friday, July 8th, Ada; Saturday, July 9th, Durant.

It is further agreed that the candidates shall speak in the following order, to-wit:

At the first meeting Kirk, Murray, Ross, Cruce, Robertson; that the first speaker then goes to the foot of the list, leaving the second man to speak first at the second meeting and so on through the list.

It is further agreed that each candidate shall have one hour and thirty minutes at each meeting and that interruptions not invited by the speakers shall not be counted against his time.

It is further agreed that an official time-keeper shall be selected at each meeting by a majority vote of

the contesting candidates.

It is further agreed that speaking shall begin at 10:30 o'clock A. M. of each day, with intermission for dinner after first speech. Witness our hands 7th day of June, 1910.

EARTHQUAKE SHOCKS ITALY

HOUSES TUMBLE AND BURY OCCUPANTS IN THE RUINS.

TROOPS ARE ORDERED OUT

King and Queen on the Scene—\$1,000,000 Relief Fund Asked.

Naples, June 7.—Three earthquake shocks of great violence occurred in the vicinity of Avellino Province this morning. The town of Calitri is reported half destroyed. Twenty people are said to have been killed there.

The first shock occurred at 3:07 this morning while the people were still in their beds. Many houses at Calitri tumbled burying the occupants in the ruins. Those who escaped death or serious injury fled terror stricken from their homes and into the country. None waited to don their street clothes and as a result many suffered from exposure.

Troops Ordered Out. Troops were dispatched from all quarters into the affected district as soon as the loss of life and property damage became known. Shocks were felt here, but no damage was done in this immediate vicinity.

Other Towns Shaken. News from Salerno at the head of the Gulf of Salerno, thirty miles southeast of Naples, is to the effect that the shocks caused considerable damage there.

A panic was created at Terre Annunziata and Terre Del Greco, where the population live in constant fear of an eruption from Mount Vesuvius. Reports from Basilicata say the shock was severely felt at Potenza. Similar reports come from Paola and Catanzaro.

King and Queen on Scene.

Rome, June 7.—The king, accompanied by Queen Helena, left for Avellino on a special train this afternoon. Two automobiles for their use were placed on the train.

Queen Insists on Going.

Her majesty insisted on going with the king instead of sending some one to represent her. The queen declared her experience at Messina convinced her of the need of some one with authority who understood how to deal with such emergencies and to give first aid. The government has decided to ask parliament for an appropriation of \$100,000 for an immediate relief fund.

Shocks were also felt in Valata,

Here is the Smart "Ginger" Oxfords FOR THE LITE YOUNG FELLOWS

Tan, Blacks, Patents made in the high heels, lace ar button, \$3.50, \$4.00, \$5.00 and \$6.00.

You'll agree with us when you come here that this is the greatest shoe store in town—not merely greatness in size, but in the wonderful variety and the excellent styles of oxfords and shoes we're showing.

We do not confine our shoes only to one manufacture; we specialize four of the biggest and best shoe houses the market produces.

Bench made \$5 to \$6 the Hanan & Son; \$3.50 to \$4 the Walk-Over; \$2.50 to \$4 the W. L. Douglas; for an unbreakable patent at \$4.00

THE

Korrek Shape Shoes

Are you particular about the fit of your shoes? Do you want your feet to be neatly and tastefully shod?

There is no better or more certain way of getting these qualities than by investing \$4.00 in a pair of Korrek Shape Oxfords.

They are absolutely correct in every respect, and will withstand the test for quality every time. Made in all the popular colors.

(All our Burrojaps leathers are guaranteed. If the upper breaks through before the first sole is worn through, we will replace with a new pair free.)

Boy's Shoes are specialized. You'll see the snappiest styles. Vici, Tan and Pat. \$2.25, \$2.50

The Home of Hart, Schaffner & Marx Fine Clothes, John B. Stetson Hats, Manhattan Shirts

Hanan Shoes or Oxfords in all styles: \$5.00 to \$6.50 W. L. Douglas Shoes or Oxfords \$2.50 and \$3.50

I. HARRIS

SPECIALIST IN GOOD CLOTHES FOR MEN AND BOYS

Burt & Packard Shoes and Oxfords Guaranteed not to break or another pair instead \$4.00

You will forget the warm weather if you will let us fit you in some of our union suits with athletic sleeves and knee length painsook or lisle. \$1.00 to \$2.00

SUMMER SHIRTS

Another big shipment of the celebrated "Emory" shirts—they are beauties. \$1.00 to \$2.50

C. R. DRUMMOND, Clothier and Fur-nisher, Ada, Okla.

where several houses fell and a number of people were injured. So far as known no one was killed there.

At San Sossio, a village of 2,300 inhabitants, several houses fell and a number of people were injured.

The prefect of Avellino sent urgent messages to the government asking for \$2,000 for immediate use. Premier Luazzati at once forwarded \$10,000 to the prefect.

PLAN TO SAVE LIFE OF KENTUCKY LAD

KENTUCKY CONGRESSMAN SEEK-
ING EVIDENCE TO SAVE
LIFE OF BOY.

Sentenced to Be Shot Next Saturday at Sunrise at Ft. Sill for
Killing Officer.

Catlettsburg, Ky., June 6.—Congressman John W. Langley, of the tenth Kentucky district, left here this morning for Letcher county to collect the evidence which he says will prove available to the war department in Washington for the saving of Roland Campbell, aged sixteen, who is said to be under sentence to be shot at sunrise at Fort Sill, Ok., Saturday morning. Congressman Langley has become interested in the case through the intervention of Judge Carpenter, of Grayson, Ky., an uncle of the lad, and who is very much worked up over the fact that his nephew is sentenced to be shot. Congressman Langley said here this morning that he hopes to have this evidence he is gathering in order tomorrow morning and that he will then proceed to Washington to lay before the war department the matter of the young man's commutation.

Young Campbell ran away from home and his people were unaware of his whereabouts until yesterday when they received word to the effect that he was to be shot at sunrise next Saturday morning for shooting an officer. They immediately went to Congressman Langley and he says that unless the case is closed by the time he reaches Washington, he will have good reason to secure the young man's commutation. He wired this morning to Secretary of War Dickinson to delay action on the case until he comes to Washington.

East Central State Normal School Building Which Will Have Been Completed by the Twenty-fifth of This Month

The work is rapidly nearing completion on one of the best—if not the best—and most beautifully designed school buildings in the state.

To be sure you have seen the new normal building now nearing completion, and doubtless you have gone through and looked it over; for nearly everybody who lives here or stops in Ada does. But do you really know just how much there is to that massive—though beautifully designed structure which adorns the head of East Main street, attracting favorable attention from all who see it?

Let us take a look at the building which is so pleasing in effect and we shall see a massive fire proof structure in the shape of a T with a frontage, including porches, of two hundred and thirty feet, nearly one hundred yards, and a total depth of one hundred and sixty-two feet, over half a hundred yards. Well lighted, too, it is with large windows scientifically constructed. Look at the entrance, the front a beautiful design and a solid concrete construction. While the side entrances are not so pretentious they are equally massive and are built of the same material, and there is the front porch with gable facing the street, and supported by six gigantic columns. All these things together with the commanding position which the normal occupies impresses one with the grandeur and magnitude of the architecture.

But utility rather than ornament is what makes things practical, so in

design we find this building second to none in the state. The basement is divided into twelve large roomy class rooms which will be used as follows: Botany, two plant rooms, agriculture, manual training, stock room, kitchen and model dining room. This division of the building contains also a large room 45x56 feet which will contain the immense heating plant and ventilating system; furthermore, a boys' and girls' gymnasium which will be equipped with the best known fixtures for such purposes. Then there is the shower bath arranged separately for boys and girls.

The first floor arrangements consist of 12 class rooms divided into rooms for recitation and study; also, rooms for architectural and mechanical drawing, clay modeling, rural school work, freehand drawing, matron's and principal's room, teachers' room. On this floor is located the immense auditorium with a floor space of 64x98 feet which together with the gallery will seat approximately two thousand people. The auditorium is provided with ample stage and side entrance rooms. Every precaution has been taken in case of fire, which seems impossible in this building, to provide exits from this and other parts of the structure. The auditorium is beyond a doubt the finest in Oklahoma.

The second floor is also divided into twelve spacious rooms and will be used for history, science, manual training, lecture, physiology, geography, language and domestic science. Here two rooms are provided

for teachers as rest rooms. The entrance to the gallery is from this floor. All three floors of the building have double entrance doors and vestibule partitions. All wood finish throughout the building is of gum, stained a beautiful mahogany. All plastering is a white sand finish, all corridors and toilet rooms have panel wainscoting of cement all to be enameled white. The entire floors of the basement and all corridor floors of the first and second story, are finished in cement. The inside stairways are beautiful in effect, all being of solid concrete with the exception of having Georgia marble treads and iron railings and posts. You may know this will be one of the finest finished buildings in the state—above all well constructed in detail to suit its purpose nothing is left undone. There is class room and more than enough for fifteen hundred students.

The Texas Building Company who are the builders have endeavored to use all local material and labor possible, and it must not be forgotten that an Ada institution the Oklahoma Portland Cement Co. furnished the cement used in the construction.

We find Mr. C. E. Van Gorden, the superintendent of construction, a very affable gentleman and we are indebted to him for showing and describing the building to us. If we are not mistaken, he remarked that this is his twenty-second big building to construct—a long and successful experience to be sure

CROSS OVERBULES PROTESTS

Acts on Matters Filed in Regard to Grandfather Clause.

Guthrie, Okla., June 7.—Secretary of State Cross yesterday overruled the protests against the so-called grandfather petitions filed for a vote to amend the suffrage article of the state constitution.

The amendment proposes that a test of reading and writing a section of the state constitution shall be applied to all persons whose ancestors did not possess the right of suffrage under some form of government prior to Jan. 1, 1866. Protests against sufficiency of the petitions, and that the proposition would, if carried out, be in violation of the federal as well as the state constitution were filed by the executive committee of the republican and socialist parties, and another was filed by three negroes, who claimed they would be affected by its enforcement.

Judge John H. Burford of Guthrie appeared for the republican committee and Patrick S. Nagle of Kingfisher for the socialists and Will H. Chappel for the three individuals. A. C. Cruce of Ardmore and W. H. L. Campbell, clerk of the state supreme court, appeared for Fred P. Branson of Muskogee, chairman of the democratic state executive committee of the petitioners.

Hearing of the matter was objected

to by the protestants upon the ground that service had not been obtained upon Branson by the republican committee as the law contemplated whereupon Branson then waived service. This caused Judge Burford to demand that five days intervene between dates of service and hearing, as he held the law to provide. The contention was overruled since, the secretary stated, his office had served notice of the protest upon the democratic chairman, which service he held to be sufficient. Attorney Nagle for the socialists secured service upon Chairman Branson June 2, and held that his hearing should go over until June 8. This was also overruled. The secretary further held that the three protests should be considered jointly.

Chairman Branson was offered as witness by the protestants, and Attorney Nagle wanted him to tell what effect enforcement of the proposition would have. All questions of this character were overruled upon objection of Attorney Cruce as being matters of law and not of fact. Among the questions Nagle asked were for information if it was not the intention to effect negro voters and none else, and was not the proposition a violation of the congressional enabling act, which provided that the right of suffrage should not be abridged on account of race, color, etc.

When asked if it was not his in-

tention as an individual signer of the petition to disfranchise the negro, Branson stated that his part was to carry out the legislative intent expressed in the Taylor resolution of the extraordinary session; that his individual intent did not affect the matter, because when the proposition became a law it would be available for judicial construction.

Bert Tillotson, member of the legislature from Nowata county, and Miss Eva Seaman, official stenographer in the house of representatives, were offered as witnesses to determine the legislative purpose in passing the Taylor resolution. Tillotson was not permitted to answer the main question and Miss Seaman stated that the debates occurred in committee of the whole and were not of record. Attorney Cruce announced that if the stenographer's notes were produced he would object to them as being incompetent evidence, and the secretary of state said he would sustain such a point.

It is indicated that all protestants will take an appeal from the secretary's decision. The petitioners hope to have the amendment submitted to a vote at the primary election, so if carried would be available for the general election in November.

AEROPLANE CAPSIZES.

Was Close to the Earth—Aviators Not Seriously Hurt.

Versailles, France, June 5.—An aeroplane, carrying Maurice Farman, brother of Henry Farman, and George Besancon, secretary of the Aero club of France, capsized here Sunday. The machine was close to the ground when the accident occurred and the aviators, though they fell with considerable force, were not seriously injured.

For this amount we have a pretty lot in Sunrise. Some terms.
WHAVER AGENCY.

FARMER'S WIFE HAD HEAP TO DO

Mrs. Shepherd Was in Bad Shape When She Could Not Stand on Her Feet.

Durham, N. C.—"I am a farmer's wife," writes Mrs. J. M. Shepherd, of this city, "and have a heap to do."
"Four months ago I could not stand on my feet, to do anything much, but at this time I do the most of my work. I took Cardui and it did me more good than all the doctors."

"You don't know half how I thank you for the Cardui Home Treatment. I wish that all women who suffer from womanly trouble would treat themselves as I have. Ladies can easily treat themselves at home, with Cardui, the woman's tonic. It is easy to take, and so gentle in its action, that it cannot do anything but good."

Being composed exclusively of vegetable ingredients, Cardui cannot lay up trouble in your system, as mineral drugs often do. Its ingredients having no harsh, medicinal effects, and being non-poisonous and perfectly harmless, Cardui is absolutely safe for young and old.

Ask your druggist. He will tell you to try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and Sample Book, "Home Treatment for Women," sent in plain wrapper, on request.

MANAGER TO SUE JOHNSON.

Little and Johnson Have Quarrel Over Cooking.

San Francisco, June 7.—After securing an attorney late yesterday George Little declared that he would take immediate legal action to secure this position as manager for Jack Johnson. Little said that the trouble between himself and Johnson began when he wrote for the mother and sister of the champion to come to the training camp to do the cooking. According to the manager's story, Johnson objected so strongly to this action that a fierce quarrel ensued. This trouble culminated yesterday in a row which led to the replacing as gate keeper of Little by Sig Hart.

Threats of a gun play became so frequent yesterday that some excitement was caused by a visit to Chief of Police Martin by Little. The chief would not interfere.

Little says that Johnson owes him \$25,000 put up for stakes and to pay the expenses of the negro's sick brother.

A permit was granted yesterday to erect an arena in Central Park in which to hold the fight.

NOTICE

I will start my market wagon in a few days. I have sprayed my fruit and will have nice, clean fruit. I will also have some nice vegetables.

Mr. and Mrs. J. W. Thatcher left this morning for Stillwater where they will spend their annual vacation.

"It cured me" or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all dealers.

THE Ada National Bank

From the day of its opening, July 23, 1900, down to the present time the business of this Bank has gone forward without interruption.

Has accommodated more farmers than any Bank in the county.

Has assisted more local enterprises than any other Bank in the City.

If you have unfinished business with this Bank for 1909 attend to it at once.

Cheap and Big Can Baking Powder is Only Big in Size - Not in Satisfaction - Not in Economy
A large can and a small cost does not make baking powder cheap—or even less expensive than Calumet—the high-quality, moderate-price kind. It certainly cannot make it as good. Don't judge baking powder in this way—the real test—the proof of raising power, of evenness, uniformity, wholesomeness and deliciousness will be found only in the baking.
CALUMET BAKING POWDER
the Happy Medium
is a better baking powder than you have ever used before. And we will leave it to your good judgment for proof. Buy a can today. Try it for any baking purpose. If the results are not better—if the baking is not lighter, more delicious, take it back and get your money. Calumet is medium in price—but great in satisfaction. Free—large handsome recipe book, illustrated in colors. Send 4c and slip found in pound can.
Calumet Received Highest Award—World's Pure Food Exposition

BE AT COURT HOUSE AND EXPRESS YOURSELF

The Constitutional Amendment election next Saturday is a very important one and it is a clear cut issue whether the railroads and predatory interests or the principles of just government shall prevail in Oklahoma. All the citizens of this community should hasten to become informed as to the merits of this amendment to Oklahoma's constitution.

There is a mass meeting at the court house tonight held under the auspices of Ada's commercial organization to which every body is invited.

Come prepared to state your views.

Mrs. Eva Moore is visiting friends at Hickory.

Mrs. Nancy Underwood is here from Franks.

Mrs. C. F. Brashear of Francis, was in our city yesterday.

Chas. Strawn left yesterday for a few days visit in Dallas.

Mr. and Mrs. E. A. Jacobs of Konawa are Ada visitors today.

Walter Barringer returned from Kansas City this morning.

Mr. and Mrs. F. R. Spann of Roff, were Ada visitors yesterday.

When words fail send Dolly Varden Chocolates. Ramsey Drug Co. 7tf

Mrs. F. W. Gatewood of Carnville, is visiting Mrs. M. P. Maxey.

Mr. and Mrs. C. R. Drummond are visiting friends in Denison, Tex.

The city of Sherman will pave its streets with Ada asphalt. The city council of the Athens of Texas on last night awarded its Travis street paving contract to Oekanda Bros. of Dallas with Ada asphalt specification. Mr. D. A. Herring has contracted to supply the asphalt from his Ada mines.

HIGH SCHOOL BUILDING TONIGHT

The Recital at Normal Will Be Something You Can Not Afford to Miss.

The year for work and dreaming over books is rapidly drawing to a close for the E. C. N. students and they are thinking of a happy and well earned vacation which is soon to be theirs. That they have fought their fight well will be manifested and verified tonight. The Fine Arts Department gives a recital at the high school building which will be a credit to any school and city. You can not afford to miss it, and to give you a smattering idea of what good things you might expect we reprint the program for tonight.

Recital Program

Fine Arts Department.

1. March, Hongroize, Kowalski.

First piano—Miss Mayme Mathews, Mrs. Fentem; second piano—Miss Murray Lucas, Miss Gertrude Case.

2. Knee Deep in June, Riley, Beulah Smoot.

3. a. Horch, horch die Lerch; b. Haiden Roslein, Die deutsche Gesellschafft.

4. The Death Bed of Benedict Arnold, Leppard, Carl Robb.

5. The Prison Song from Il Trovatore, Verdi, Miss Gertrude Thompson.

6. Sextette (from Lucia di Lam-mo-moor), Leschetizky, left hand solo by Miss Murray Lucas.

7. Act scene, "As You Like It," Shakespeare, Clyde Young, Chamblees Sims and Frank Jones.

8. a. Serenade (violin obligati), Schubert; b. Lullaby, Vannag, Miss Inez Cameron.

9. a. Flower in the Crannied Wall, Tennyson; b. Mr. Brown Has His Hair Cut, Miss Carmer Dallas.

10. Act scene "Julius Caesar," Shakespeare, Messers. Ray Ethridge and M. J. Williams.

11. March, Hollander. First piano, Miss Mayme Mathews, Mrs. Fentem; second piano Miss Murray Lucas, Miss Gertrude Case.

An admission of 15c will be charged for the exercises given by the Fine Arts Department at the High school building tonight. The auditorium is too small to accommodate all who will come and this will limit the crowd and also give us some much needed revenue with which to pay the expenses incident to the commencement.

Hard Blow Last Night

Some things Moved Around and Several Hundred Dollars Damage Done.

Geo' but didn't it blow last night? What were you thinking about that time? But maybe you were in a storm cellar and don't know much about it. Things looked and sounded a great deal worse than they were. However, we once saw a wind no harder than that one last night give a reporter on a leading daily in Texas the biggest scoop of the year. The paper came out next day with four pages of cyclone news. There was to our certain knowledge one shade tree broken down and one house unroofed at that time. But that is telling an old story over, but the wind last night did considerable damage over the city, shades trees being twisted and limbs broken; fruit trees, heavily laden with fruit were torn out of the ground and stripped of their luscious fruit. A large window on the south side of the M. E. church was broken creating a damage of near \$200. Several sheds and out-buildings in various portions of the city were blown over and in some instances completely wrecked.

A large pane of glass at the home of W. C. Lee was blown out and stuck in the piano as if it had been driven there by hand, the wind being free to enter the house, fanned things about generally but no serious damage was done to anything else.

The loss caused by the unwelcome wind will when summed up run up to several hundred dollars here in Ada.

List your real estate with the Weaver Agency.

You should bear in mind the meeting at the court house to-night. The call was made yesterday and last it slip your mind will call your attention to the fact that one of the most important steps in the history of state will be Saturday. The question whether the business men want to go on record as in favor or against the proposed amendment to Art. 9, of the Oklahoma constitution will be thoroughly discussed and also the advisability of taking some definite action in the matter. This article of the constitution is of just as much importance to you as it is to your neighbor. Why not be heard on it.

ROOSEVELT TALKS AT OXFORD

CATAclysmic CHANGES IN FAUNA OF WORLD COMPARED WITH CIVILIZATIONS.

SPEAKERS VOICE FAILS HIM

Unable to Finish Latter Part of Lecture—Sails for Home June 10.

Oxford, England, June 7.—Oxford today conferred on Theodore Roosevelt the honorary degree of doctor of civil law.

The ceremony took place in the Sheldonian theater, where for more than three centuries it has been the custom to hold the exercises, the annual commemoration of the founders and other official assemblies, but Mr. Roosevelt's reception surpassed in enthusiasm anything within the memory of the oldest Oxonian.

His Romanes lecture, which dealt with "Biological Analogies in History," proved to be a powerful exposition of all the "strange analogies" as the lecturer himself expressed it, "in the phenomena of life and death, of birth, growth and change, between those physical groups of animal life which we designate as species, forms, races and the highly complex and composite entities which rise before our minds when we speak of Nations and civilizations."

Roosevelt's Voice Fails.

Toward the close, Mr. Roosevelt's voice failed and he was obliged to leave undelivered a portion of his prepared lecture, but before he withdrew from the platform the former president had won the great audience that gathered in the theater by his vigorous utterances and forceful gestures, being cheered repeatedly at various stages of his speech. Even the usually solemn red-robed dons were carried away and stood up and joined in the loud-lunged hurrahs of the younger element.

Lord Curzon of Kedleston, chancellor of Oxford University, in introducing the newly created D. C. L., who appeared for the first time in the red robes of the doctorate, spoke of Mr. Roosevelt as "a ruler of men—the most conspicuous figure in America since Abraham Lincoln."

After touching on the former president's many achievements, the chancellor said:

"Although he is now taking a holiday, it is unreasonable that such a man long will remain out of public life."

Following the lecture Mr. Roosevelt and 150 Americans, including all the Rhodes scholars, lunched together. F. P. Griffiths presided and introduced the former president, who expressed the appreciation of all the Americans for the great gift of Cecil Rhodes and the hospitality of Oxonians to scholars.

Ambassador Whitelaw Reid proposed a toast to the King and the president. Speeches were made by several of the Rhodes scholars.

This evening Mr. and Mrs. Roosevelt dined with the vice chancellor of the university and remained at his residence for the night.

Nine cabins have been engaged for the Roosevelt party on the steamer Kaiserin Augusta Victoria, which will sail from Southampton June 10 for New York.

TO THE PUBLIC:

Having bought the stock of hardware formerly owned by the J. M. Collins Hardware Co., we are now ready to serve the public in our line.

We solicit a part of your patronage and hope to merit the same by giving you just and honest treatment.

Yours very truly,
EVANS & DENNIS.

TO DOG OWNERS.

Your dog taxes are due and if not paid by next Friday, the 10th inst., your dog is subject to the death penalty. The tax is one dollar.

GEORGE CULVER,
Chief of Police.

GEN. BRANT KIRK ANNOUNCES FOR GOVERNOR

Former Judge-Advocate-General of
Sons of Veterans—A Campaign Or-
ator of National Reputation—A Mis-
souri-Texas Democrat—Made a
Hard Fight for Prohibition Three
Years Ago, When Other Candidates
Were Dormant—Put a Hot Blast
Under Ross, Cruce and Murray—
To Make 200 Speeches From Auto-
mobile.

WOULD PEN GAMBLERS AND BOOTLEGGERS

They cost the Courts Millions, Would
Devote same to Raise of Teachers'
Salaries and to Roads and Bridges,
that Farm Lands may advance. Stands
for Professional Ethics and the Rout-
ing of Quacks; Protect Labor and legiti-
mate Capital; Encourage Manufac-
turing; Against Federal interference
with State affairs; opposes State
Ownership of Coal Mines, means too
many appointees and corrupt Ring
Power. Would Put the Demagogue
and Negro out of politics; would force
Foreign Insurance Companies to in-
vest part of their premiums in the
state.—Issues challenge for joint de-
bates to all Candidates.

Oklahoma City Candidate for Gov-
ernor—Lawyer, Journalist, Ex-Travel-
ing Man.

OPEN CHALLENGE.

To the Public, the Democratic Can-
didates for Governor, and to Col. L.
P. Ross in Particular:

I hereby declare myself a candidate
for the Democratic nomination for
Governor of Oklahoma, and challenge
you, Col. Ross, and all other candi-
dates to joint discussions on the
stump in 76 counties of the state.
Col. Ross, the reason I direct this
challenge to you in particular is be-
cause you are making a bitter fight on
prohibition. You are asking for re-
submission and open saloons—the
ruin of the young man and society.
As yet none of the candidates have
had the nerve and backbone to call
you to a halt. In fact, they seem to
try to ride both horses. Their plat-
forms indicate it. However, a big
majority of their main backers are
strong anti-Cruce Murray nor Rob-
ertson have ever dared to make a
fight for either side (unless they are
recent converts), while I spent six
weeks of my time 3 years ago work-
ing and stumping for prohibition, and
gave \$100.00 to the cause. Rev. E. G.
Dinwiddie, Rev. J. J. Thompson, of
Tampa, Fla., and Rev. E. M. Sweet of
Lawton, former managers of the Anti-
Saloon League, will testify to this
fact. I am unalterably opposed to re-
submission, and hold that we are
bound to keep faith with the
terms of the enabling act and keep
whisky out of the state for 21 years.
I am in favor of state-wide, national-
wide and world wide prohibition, and
if elected governor will do all in my
power to have our constitution and
laws so remedied that a bootlegger,
while a slave trafficker, and the bribe
giver and the bribe taker, will upon
conviction, have to serve at least two
years in the penitentiary. I am also
in favor of a jail sentence of one year
for the bawdy house proprietors and
the bogus check crooks. Such laws as
these I think would make the state
clean and save our boys. Neither of
us can misrepresent each other in
joint debates, nor deceive the people,
nor flit with both sides, and the peo-
ple can better judge who is the best
fitted man for Governor.

Kirkly let me know at once if you
will debate, and our managers will
meet and arrange the itinerary. I am
also asking the other candidates to
accept this challenge, which is for
76 and not two or three debates. I
will put up a forfeit of \$200.00 that I
will meet all of you 76 times.

All candidates must put up the
same forfeit.

Respectfully submitted,
BRANT KIRK

PLATFORM AND HIS APPEAL TO
THE PEOPLE.

Among other things I advocate loy-
alty to the Constitution, and its
amendment when the public weal de-
mands it, also I endorse the demo-
cratic platform and the democratic
administration. I advocate taxation of
individuals and corporations without
discrimination; economy in the ex-
penditure of public funds, and their
deposit in home banks paying the
greatest interest. I uphold the bank
guaranty law. I favor inheritance and
income taxation, and an election law
disfranchising the ignorant negro;
and also endorse the law providing for
separate coaches for whites and
blacks, with equal accommodations. I
advocate educational advancement,
compulsory school attendance of four
months of the year up to the age of
fourteen, and free books when neces-
sary. I favor larger salaries for

teachers, 5 per cent increase, this
will keep the best talent in the pro-
fession and in the state. I advocate a
child labor law, and a more stringent
law forbidding quacks, going by the
name of doctors, practicing in the
state, thus maintaining a high stan-
dard of professional ethics, and pro-
tecting human life.

I would enlarge the power of the
Attorney General. Encourage labor
and legitimate capital, and protect
them. Both are needed to develop our
matchless resources. By non-taxation
for 5 years great impetus would be
given manufacturing industries, and
the state's population and wealth
would soon be doubled, farm land
would bring garden prices. I favor
the building of Macadam roads and
good bridges in every township, that
farm lands may enhance in value, and
town and country people be brought
closer together. The criminals of this
state cost the taxpayers approximately
\$2,000,000.00 annually. This will
pay for all the roads and bridges and
give teachers an increase of 25 per
cent in salaries, if the villains were
routed from the state. I favor agri-
cultural training schools conducted
scientifically, state maintenance of
the Confederate Home, and histories
fair to the North and to the South.

I favor more elected and fewer ap-
pointed officials that machine power
may be lessened. I advocate the en-
couragement of home enterprises, and
would force foreign insurance com-
panies to invest in the state three
fourths of the premiums they collect
in it. The amount of premiums taken
from the state annually by foreign
companies approximates \$3,000,000. I
favor laws that will keep money at
home and that will bring in more,
also stringent usury and collection
laws.

I stand for state rigats, and shall,
if elected Governor, make strenuous
efforts to have Congress abridge the
power of minor federal judges to the
end that our freight rates and two-cent
fare may not be wiped out by one
stroke of a pen wielded by a fore-
ign judge who knows less of our af-
fairs than we, and that we may en-
force our prohibition laws without
federal interference.

I would not advise the state to go
into the coal mining business or any
gigantic undertakings that would open
the way for graft and the payment
of political debts in the way of hun-
dreds of appointments by the govern-
or. I favor government control but
not ownership of railroads, it is un-
democratic and dangerous, it means
corrupt machine power—too many ap-
pointees.

Retain Article 9 of the Constitution.
I advocate the dethronement of
trusts the enthronement of the people
and the elimination of the demagogy.
Let intelligence have sway and the
wheels of progress be not clogged.
Then our state will indeed be grand
imperial Oklahoma, the pride of her
people and the admiration of the
world.

Mr. Murray's friends claim he is a
farmer. I will wager that I can grind
all the corn, cane and alfalfa (in
cockleburrs) in a coffee mill that he
ever raised by the sweat of his own
brow. Mr. Murray tries to farm the
farmers more than he does his farm.

I appeal to Democrats, and to the
good men and women of Oklahoma
to support me in this fight and
elect a legislature in sympathy with
my ideas of government and we will
rid the state of a band of criminals
that costs the taxpayers millions of
dollars and the state thousands of
lives and heart-broken mothers. I am
not able to pay for brass bands
or Murray special trains or to Cracely
big daily papers with gold. In
fact I do not own vast tracts of inter-
married Indian land (non-taxed) as
Mr. Murray and Mr. Cruce. Hence
I insist that my friends meet at once
in every town, hamlet and school
house and organize Kirk clubs. If
you favor me for Governor send me a
postal card, or send the card to any
minister in Oklahoma City. I shall
speak in all the counties. Come to
hear me. As for my moral standing
and ability I refer you to South M. E.
churches and citizens of Waco, Texas,
McAlister, Okla., and Oklahoma City,
where I have lived for almost 25 years,
save five years in Missouri and Ar-
kansas, or to Palmerville, N. C.,
where I was born. I was reared on
the farm, belonged to the farmers'
club at the age of 18, after the death
of both parents. I have made more
than a hundred speeches in the North
without pay during the last four cam-
paigns. I am sincerely for Okla-
homa's progress and development, her
honor and good name.

BRANT KIRK,
Lee Hotel, Oklahoma City.

Teachers Organize a Kirk Campaign
Committee to Urge the Election of
Hon. Brant Kirk.

Oklahoma City May 23—We, the
Kirk Teachers' Campaign Committee,
wish to impress upon the teachers of
Oklahoma the importance of electing
Gen. Brant Kirk Governor.

We are for him because he is a big
broad-gaged statesman—far ahead of
the ordinary politician. He is one of
the big young men of America, and
absolutely honest. He is a true dig-
nified scholarly gentleman, who pos-
sesses the brain, forethought, man-
hood and patriotism to make Okla-
homa a greater state. He is the only
candidate who has the grit to ask for
a 25 per cent increase in teachers' sal-
aries; and the nerve to say he favors
routing a band of criminals from the
state, by making their crime a felony,
who cost the state millions of dollars
in court expense. We know him. We
know he means business. We insist
that every teacher in Oklahoma, irre-
spective of politics, organize a Kirk
Club in his or her respective district,
and see that he is nominated for
Governor on the Democratic ticket
August 24.

City. Send for literature.

ALL TO BE CRAZY.

Dr. Kellogg Says Many Fatal Dis-
eases on Increase.

Boston, June 6—If the increase in
insanity keeps up at the present rate,
we shall all be insane 265 years from
now, said Dr. J. H. Kellogg, profes-
sor of surgical pathology and super-
intendent of the Battle Creek (Mich.)
Sanitarium addressing the graduat-
ing class of the college of physicians
and surgeons yesterday.

Physical degeneracy and chronic
diseases are increasing, continues Dr.
Kellogg. "Heart disease has increas-
ed 135 per cent in the last 30 years.
Kidney disease has increased in
Massachusetts almost 165 per cent.
We are not making the advance that
we ought. Cancer is increasing. One-
eighth of adult women who die today
die from cancer.

"Insanity has increased 100 per
cent in the last 50 years. Fifty years
ago there were 9,000 insane people
to every million. Today there are 18-
000. There are 34,000 idiots and lunatics
to every million people in the
world. It is due largely to the in-
creased physical degeneracy originat-
ing from our manner of living.

Women particularly are showing
the results of this degeneracy in the
decreased birth rate and the thriving
of the concerns manufacturing in-
fant's foods. Only three women out
of four nurse their infants, owing to
the physical degeneracy which makes
it impossible.

Seventy-five per cent of the bottle
fed children die before they are a
year old."

Tulsa Building Big Factory.

Tulsa, June 6—The first work to-
ward the erection of the Oklahoma
Rod Company's plant started yester-
day. The plant will be rushed to ear-
ly completion and will be in opera-
tion by the first of September. By
another year it is expected to be
the largest plant of its kind in the
United States. This is according to
W. C. Norris, the president of the
company who is bringing the plant
here from Tiona Pa. The plant is
one of the first secured by the Com-
mercial Club under the new regime.
Frisco railroad engineers will ar-
rive in the city this morning to lay
out a switch for the unloading of
supplies for the building of the plant.
Contractors will bid on the construc-
tion of the plant tomorrow and the
contract will be let immediately. It
will specify that the work be begun
at once and completed within sixty
days. The machinery to be installed
will be enroute shortly.

NEGRO SOLDIER ARRESTED.

Private Identified by Nine-Year-Old
Girl as Mother's Assailant.

Seattle, Wash., June 6—Private Na-
thaniel Bledsoe, Company D, Twenty-
fifth infantry, was positively identi-
fied today as the man who attacked
Mrs. J. W. Redding at her home near
Lawton Saturday night. Final identi-
fication was made by Mrs. Redding's
9-year-old daughter, Eva, who wit-
nessed the attack and whose screams
frightened the man away.

Bledsoe is a negro soldier and was
ordered under arrest yesterday, when
evidence began to accumulate show-
ing that he was connected with the
assault.

STRAIN TOO GREAT.

Hundreds of Ada Headers Find Daily
Toll a Burden.

The hustle and worry of business
men,
The hard work and stooping of
workmen,
The woman's household cares,
Are too great a strain on the kid-
neys,
Backache, headache, sidache,
Kidney troubles, urinary troubles
follow.

An Ada citizen tells you how to
cure them all.

E. L. Canterbury, Sixteenth St.,
Ada, Okla., says: "I can recommend
Doan's Kidney Pills highly, as they
cured me of a distressing case of
kidney complaint. My back was so
weak at times that I was unable to
work, in fact, found it difficult to
walk. Dull, nagging pains through
my loins also caused me great mis-
ery, and I had sharp twinges when
I attempted to stoop or lift. The kid-
ney secretions were too frequent in
passage and caused me additional an-
noyance. Doan's Kidney Pills, procur-
ed at G. M. Ramsey's Drug Store, rid
me of kidney trouble and I have had
no return attacks."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

feet in south part of city. Refused
\$1,250 for this property a year ago.
WEAVER AGENCY.

INGERSOLL DIRECTOR TO BOOST SAN JOSE, TEXAS.

Dallas, Tex., June 6—Charles A.
Davis, who had a long career as
press agent for Forepaugh, Barnum
and Sells Bros and as the director
of the lecture tours of Robert G. In-
gersoll, and who has been doing the
health seeking act in the Southwest
for ten years, has settled at young
San Jose Tex., where he has be-
come a member of the staff of Col.
A. D. Powers, exploiter in chief of
the new town.

San Jose, the locale of which is
five miles from San Antonio, is built
around the famous Terrell hot sul-
phur well, the importance of which
has been enhanced by the late dis-
covery that its water contains "radio-
activity."

Mr. Davis, who is well known in
Dallas, writes that San Jose has a
perfect climate and probably the
best sulphur water in the world.

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY.

VOLUME 7

ADA, OKLAHOMA, WEDNESDAY EVENING, JUNE 8, 1910

NUMBER 55

FIVE CANDIDATES FOR GOVERNOR WILL HAVE FIVE DISCUSSIONS

Cruce, Murray, Ross, Robertson and Kirk Will Come to Ada in a Bunch One Month From Today.

Anadarko, Enid, Oklahoma City, Ada and Durant, respectively, are the cities listed for a general gubernatorial democratic candidate debate in July. Articles of agreement for this were signed Tuesday, and Lee Cruce, William H. Murray, Brant Kirk, Leslie P. Ross and J. B. A. Robertson are to be the debaters, all each day. The debates, five in number, start Tuesday, July 5, and end Saturday July 9.

According to the terms of the agreement speaking will be in the nature of continuous performance, broken only by intermissions for lunch. Each day the debate starts at 10:30 in the morning. A speech is to be one hour and a half and added time for interruptions made by members of the audience. After the first speech comes adjournment for the noonday meal, the four others to follow, which at one hour and one-half each means six hours, plus interruptions.

It is hereby agreed by and between the representatives of the following democratic candidates for governor, to-wit: Brant Kirk, Wm. H. Murray, Leslie P. Ross, Lee Cruce and J. B. A. Robertson, that five joint discussions shall be held in the state of Oklahoma on the following dates and at the following places, to-wit: Thursday, July 5th, Anadarko; Wednesday, July 6th, Enid; Thursday, July 7th, Oklahoma City; Friday, July 8th, Ada; Saturday, July 9th, Durant.

It is further agreed that the candidates shall speak in the following order, to-wit:

At the first meeting, Kirk, Murray, Ross, Cruce, Robertson; that the first speaker then goes to the foot of the list, leaving the second man to speak first at the second meeting and so on through the list.

It is further agreed that each candidate shall have one hour and thirty minutes at each meeting and that interruptions not invited by the speakers shall not be counted against his time.

It is further agreed that an official time-keeper shall be selected at each meeting by a majority vote of

the contesting candidates.

It is further agreed that speaking shall begin at 10:30 o'clock A. M. of each day, with intermission for dinner after first speech.

Witness our hands 7th day of June, 1910.

ULTIMATUM GIVEN GENERAL

Commander Harold of Gunboat Dubuque Talks Plainly to Rivas.

Bluefields, Nicaragua, June 7.—"At the first shot fired against the American flag or an American vessel, I will level the bluff."

This is the reply made today by Commander Harold K. Sines, commanding the American gunboat Dubuque, to a threat made by Gen. Rivas of the Madrid forces holding Bluefields Bluff to stop by force any vessels of whatever nationality entering the harbor.

REPORT OF LOCAL WEATHER BUREAU

Prof. Howerton has kindly furnished us a summary report on the temperature and rainfall for the first three days of this week. He has charge of the station while Prof. Brooks is away at Chicago. Prof. Howerton will furnish us the reports daily. He calls attention to the ideal weather we are having, adding that crops, and as for that matter all plant life, are growing very rapidly.

EARTHQUAKE SHOCKS ITALY

HOUSES TUMBLE AND BURY OCCUPANTS IN THE RUINS.

TROOPS ARE ORDERED OUT

King and Queen on the Scene—\$1,000,000 Relief Fund Asked.

Naples, June 7.—Three earthquake shocks of great violence occurred in the vicinity of Avellino Province this morning. The town of Calitri is reported half destroyed. Twenty people are said to have been killed there.

The first shock occurred at 3:07 this morning while the people were still in their beds. Many houses at Calitri tumbled burying the occupants in the ruins. Those who escaped death or serious injury fled terror stricken from their homes and into the country. None waited to don their street clothes and as a result many suffered from exposure.

Troops Ordered Out.

Troops were dispatched from all quarters into the affected district as soon as the loss of life and property damage became known. Shocks were felt here, but no damage was done in this immediate vicinity.

Other Towns Shaken.

News from Salerno at the head of the Gulf of Salerno, thirty miles southeast of Naples, is to the effect that the shocks caused considerable damage there.

A panic was created at Terre Annunziata and Terre Del Creco, where the population live in constant fear of an eruption from Mount Vesuvius. Reports from Basilicata say the shock was severely felt at Potenza. Similar reports come from Paola and Catanzaro.

King and Queen on Scene.

Rome, June 7.—The king, accompanied by Queen Helena, left for Avellino on a special train this afternoon. Two automobiles for their use were placed on the train.

Queen Insists on Going.

Her majesty insisted on going with the king instead of sending some one to represent her. The queen declared her experience at Messina convinced her of the need of some one with authority who understood how to deal with such emergencies and to give first aid. The government has decided to ask parliament for an appropriation of \$100,000 for an immediate relief fund.

Shocks were also felt in Valata,

Here is the Smart "Ginger" Oxfords FOR THE LIVE YOUNG FELLOWS

Tan, Blacks, Patents made in the high heels, lace ar button, \$3.50, \$4.00, \$5.00 and \$6.00.

At San Sossio, a village of 2,300 inhabitants, several houses fell and a number of people were injured.

The prefect of Avellino sent urgent messages to the government asking for \$2,000 for immediate use. Premier Luzzatti at once forwarded \$10,000 to the prefect.

PLAN TO SAVE LIFE OF KENTUCKY LAD

KENTUCKY CONGRESSMAN SEEKING EVIDENCE TO SAVE LIFE OF BOY.

Sentenced to Be Shot Next Saturday at Sunrise at Ft. Sill for Killing Officer.

Catlettsburg, Ky., June 6.—Congressman John W. Langley, of the tenth Kentucky district, left here this morning for Letchner county to collect the evidence which he says will prove available to the war department in Washington for the saving of Roland Campbell, aged sixteen, who is said to be under sentence to be shot at sunrise at Fort Sill, Ok. Saturday morning, Congressman Langley has become interested in the case through the intervention of Judge Carpenter, of Grayson, Ky., an uncle of the lad, and who is very much worked up over the fact that his nephew is sentenced to be shot. Congressman Langley said here this morning that he hopes to have this evidence he is gathering in order tomorrow morning and that he will then proceed to Washington to lay before the war department the matter of the young man's commutation.

Young Campbell ran away from home and his people were unaware of his whereabouts until yesterday when they received word to the effect that he was to be shot at sunrise next Saturday morning for shooting an officer. They immediately went to Congressman Langley and he says that unless the case is closed by the time he reaches Washington, he will have good reason to secure the young man's commutation. He wired this morning to Secretary of War Dickinson to delay action on the case until he comes to Washington.

East Central State Normal School Building Which Will Have Been Completed by the Twenty-fifth of This Month

The work is rapidly nearing completion on one of the best—if not the best—and most beautifully designed school buildings in the state.

To be sure you have seen the new normal building now nearing completion, and doubtless you have gone through and looked it over; for nearly everybody who lives here or stops in Ada does. But do you really know just how much there is to that massive—though beautifully designed structure which adorns the head of East Main street, attracting favorable attention from all who see it?

Let us take a look at the building which is so pleasing in effect and we shall see a massive fire proof structure in the shape of a T with a frontage, including porches, of two hundred and thirty feet, nearly one hundred yards, and a total depth of one hundred and sixty-two feet, over half a hundred yards. Well lighted, too, it is with large windows scientifically constructed. Look at the entrances, the front a beautiful design and a solid concrete construction. While the side entrances are not so pretentious they are equally massive and are built of the same material, and there is the front porch with gable facing the street, and supported by six gigantic columns. All these things together with the commanding position which the normal occupies impresses one with the grandeur and magnitude of the architecture.

But utility rather than ornament is what makes things practical, so in

design we find this building second to none in the state. The basement is divided into twelve large roomy class rooms which will be used as follows: Botany, two plant rooms, agriculture, manual training, stock room, kitchen and model dining room. This division of the building contains also a large room 45x36 feet which will contain the immense heating plant and ventilating system; furthermore, a boys' and girls' gymnasium which will be equipped with the best known fixtures for such purposes. Then there is the shower bath arranged separately for boys and girls.

The first floor arrangements consists of 12 class rooms divided into rooms for recitation and study; also, rooms for architectural and mechanical drawing, clay modeling, rural school work, freehand drawing, matron's and principal's room, teachers' room. On this floor is located the immense auditorium with a floor space of 64x98 feet which together with the gallery will seat approximately two thousand people. The auditorium is provided with ample stage and side entrance rooms. Every precaution has been taken in case of fire, which seems impossible in this building, to provide exits from this and other parts of the structure. The auditorium is beyond a doubt the finest in Oklahoma.

The second floor is also divided into twelve spacious rooms and will be used for history, science, manual training, lecture, physiology, geography, language and domestic science. Here two rooms are provided

for teachers as rest rooms. The entrance to the gallery is from this floor. All three floors of the building have double entrance doors and vestibule partitions. All wood finish throughout the building is of gum, stained a beautiful mahogany. All plastering is a white sand finish, all corridors and toilet rooms have panel wainscoting of cement all to be enameled white. The entire floors of the basement and all corridor floors of the first and second story, are finished in cement. The inside stairways are beautiful in effect, all being of solid concrete with the exception of having Georgia marble treads and iron railings and posts. You may know this will be one of the finest finished buildings in the state—above all well constructed in detail to suit its purpose nothing is left undone. There is class room and more than enough for fifteen hundred students.

The Texas Building Company who are the builders have endeavored to use all local material and labor possible, and it must not be forgotten that an Ada institution the Oklahoma Portland Cement Co. furnished the cement used in the construction.

We find Mr. C. E. Van Gorden, the superintendent of construction, a very affable gentleman and we are indebted to him for showing and describing the building to us. If we are not mistaken, he remarked that this is his twenty-second big building to construct—a long and successful experience to be sure

CROSS OVERRULES PROTESTS

Acts on Matters Filed in Regard to Grandfather Clause.

Guthrie, Okla., June 7.—Secretary of State Cross yesterday overruled the protests against the so-called grandfather petitions filed for a vote to amend the suffrage article of the state constitution.

The amendment proposes that a test of reading and writing a section of the state constitution shall be applied to all persons whose ancestors did not possess the right of suffrage under some form of government prior to Jan. 1, 1866. Protests against sufficiency of the petitions, and that the proposition would, if carried out, be in violation of the federal as well as the state constitution were filed by the executive committee of the republican and socialist parties, and another was filed by three negroes, who claimed they would be affected by its enforcement.

Judge John H. Burford of Guthrie appeared for the republican committee and Patrick S. Nagle of Kingfisher for the socialists and Will H. Chappell for the three individuals. A. C. Cruce of Ardmore and W. H. L. Campbell, clerk of the state supreme court, appeared for Fred P. Branson of Muskogee, chairman of the democratic state executive committee on of the petitioners.

Hearing of the matter was objected

to by the protestants upon the ground that service had not been obtained upon Branson by the republican committee as the law contemplated whereupon Branson then waived service. This caused Judge Burford to demand that five days intervene between dates of service and hearing, as he held the law to provide. The contention was overruled since, the secretary stated, his office had served notice of the protest upon the democratic chairman, which service he held to be sufficient. Attorney Nagle for the Socialists secured service upon Chairman Branson June 2, and held that his hearing should go over until June 8. This was also overruled. The secretary further held that the three protests should be considered jointly.

Chairman Branson was offered as witness by the protestants, and Attorney Nagle wanted him to tell what effect enforcement of the proposition would have. All questions of this character were overruled upon objection of Attorney Cruce as being matters of law and not of fact. Among the questions Nagle asked were for information if it was not the intention to effect negro voters and none else, and was not the proposition a violation of the congressional enabling act, which provided that the right of suffrage should not be abridged on account of race, color, etc.

When asked if it was not his in-

tervention as an individual signer of the petition to disfranchise the negro, Branson stated that his part was to carry out the legislative intent expressed in the Taylor resolution of the extraordinary session; that his individual intent did not affect the matter, because when the proposition became a law it would be available for judicial construction.

Bert Tillotson, member of the legislature from Nowata county, and Miss Eva Seaman, official stenographer in the house of representatives, were offered as witnesses to determine the legislative purpose in passing the Taylor resolution. Tillotson was not permitted to answer the main question and Miss Seaman stated that the debates occurred in committee of the whole and were not of record. Attorney Cruce announced that if the stenographer's notes were produced he would object to them as being incompetent evidence, and the secretary of state said he would sustain such a point.

It is indicated that all protestants will take an appeal from the secretary's decision. The petitioners hope to have the amendment submitted to a vote at the primary election, so if carried would be available for the general election in November.

AEROPLANE CAPSIZES.

Was Close to the Earth—Aviators Not Seriously Hurt.

Versailles, France, June 5.—An aeroplane, carrying Maurice Farman, brother of Henry Farman, and George Besancon, secretary of the Aero club of France, capsized here Sunday. The machine was close to the ground when the accident occurred and the aviators, though they fell with considerable force, were not seriously injured.

Hotel Arrivals.

Harris—A. J. Kerr, Allentown, Pa.; J. J. Ackart, Oklahoma City; J. C. Feeholm, Kansas City; H. G. Hartford, St. Louis; Geo. M. Corbitt, McAlester; Alex. Whitley, New York; E. M. DeMoss, Kansas City; J. J. Grallien, Oklahoma City; Bill Swift, Oklahoma City.

Byrd—W. Holman, Konawa; B. Swarner, Tecumseh.

Lot For \$130.00.

For this amount we have a pretty lot in Sunrise. Some terms.

WEAVER AGENCY.

FARMER'S WIFE HAD HEAP TO DO

Mrs. Shepherd Was in Bad Shape When She Could Not Stand on Her Feet.

Durham, N. C.—"I am a farmer's wife," writes Mrs. J. M. Shepherd, of this city, "and have a heap to do."

"Four months ago I could not stand on my feet, to do anything much, but at this time I do the most of my work. I took Cardui and it did me more good than all the doctors."

"You don't know half how I thank you for the Cardui Home Treatment. I wish that all women who suffer from womanly trouble would treat themselves as I have."

Ladies can easily treat themselves at home, with Cardui, the woman's tonic. It is easy to take, and so gentle in its action, that it cannot do anything but good.

Being composed exclusively of vegetable ingredients, Cardui cannot lay up trouble in your system, as mineral drugs often do. Its ingredients having no harsh, medicinal effects, and being non-poisonous and perfectly harmless, Cardui is absolutely safe for young and old.

Ask your druggist. He will tell you to try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

MANAGER TO SEE JOHNSON.

Little and Johnson Have Quarrel Over Cooking.

San Francisco, June 7.—After securing an attorney late yesterday George Little declared that he would take immediate legal action to secure this position as manager for Jack Johnson. Little said that the trouble between himself and Johnson began when he wrote for the mother and sister of the champion to come to the training camp to do the cooking. According to the manager's story, Johnson objected so strongly to this action that a fierce quarrel ensued. This trouble culminated yesterday in a row which led to the replacing as gate keeper of Little by Sig Hart. Threats of a gun play became so frequent yesterday that some excitement was caused by a visit to Chief of Police Martin by Little. The chief would not interfere.

Little says that Johnson owes him \$25,000 put up for stakes and to pay the expenses of the negro's sick brother.

A permit was granted yesterday to erect an arena in Central Park in which to hold the fight.

NOTICE

I will start my market wagon in a few days. I have sprayed my fruit and will have nice, clean fruit. I will also have some nice vegetables.

madam: Don't be misled Cheap and Big Can Baking Powder is Only Big in Size - Not in Satisfaction - Not in Economy

A large can and a small cost does not make baking powder cheap—or even less expensive than Calumet—the high-quality, moderate-price kind. It certainly cannot make it as good. Don't judge baking powder in this way—the real test—the proof of raising power, of evenness, uniformity, wholesomeness and deliciousness will be found only in the baking.

CALUMET BAKING POWDER the Happy Medium

is a better baking powder than you have ever used before. And we will leave it to your good judgment for proof. Buy a can today. Try it for any baking purpose. If the results are not better—if the baking is not lighter, more delicious, take it back and get your money. Calumet is medium in price—but great in satisfaction. Free—large handsome recipe book, illustrated in colors. Send 4c and slip found in pound can.

Calumet Received Highest Award—World's Pure Food Exposition

Mr. and Mrs. R. W. Woodside and daughter Ruby, left yesterday for Weleetka.

Mrs. M. Z. Nettles and daughter came in from Lawrence to visit with Ada friends.

Mrs. Frank Kote and Mrs. Leslie Kote are the guests of their sister, Mrs. R. H. Robinson.

Indian Agent Runnels accompanied by his interpreter and policemen of Atoka are Ada visitors today.

Isadore Rosenfield, who attended the university military academy in Columbia, Mo., came home this morning.

Mrs. W. E. Martin and son Ramond, who have been visiting Mrs. W. C. Rollow returned to their home at Guston yesterday.

Dr. Gallohr, of the firm of Drs. Wilson and Gallohr, eye, ear, nose and throat specialists of Shawnee, will be in Ada at Hotel Harris the 2nd and 4th Mondays in each month. Glasses fitted. 23-10t-wtf

SHERMAN WILL PAVE WITH ADA ASPHALT

CONTRACT AWARDED LAST NIGHT AT SHERMAN—D. A. HERRING WILL SUPPLY THE PRODUCT.

The city of Sherman will pave its streets with Ada asphalt. The city council of the Athens of Texas on last night awarded its Travis street paving contract to Oekanda Bros. of Dallas with Ada asphalt specification. Mr. D. A. Herring has contracted to supply the asphalt from his Ada mines.

HIGH SCHOOL BUILDING TONIGHT

The Recital at Normal Will Be Something You Can Not Afford to Miss.

The year for work and dreaming over books is rapidly drawing to a close for the E. C. N. students and they are thinking of a happy and well earned vacation which is soon to be theirs. That they have fought their fight well will be manifested and verified tonight. The Fine Arts department gives a recital at the high school building which will be a credit to any school and city. You can not afford to miss it, and to give you a smattering idea of what good things you might expect we reprint the program for tonight.

Recital Program

Fine Arts Department.

1. March, Hongroize, Kowalski. First piano—Miss Mayme Mathews, Mrs. Fentem; second piano—Miss Murray Lucas, Miss Gertrude Case.

2. Knee Deep in June, Riley, Beulah Smootz.

3. a. Horch, horch die Lerch; b. Haiden Rostein, Die duetsche Gesellschafft.

4. The Death Bed of Benedict Arnold, Leppard, Carl Robb.

5. The Prison Song from H Trovatore, Verdi, Miss Gertrude Thompson.

6. Sextette (from Lucia di Lam-momoor), Lescheticky, left hand solo by Miss Murray Lucas.

7. Act scene, "As You Like It," Shakespeare, Clytie Young, Chamblees Sims and Frank Jones.

8. a. Serenade (violin obligati), Schubert; b. Lullaby, Vannag, Miss Inez Cameron.

9. a. Flower in the Crannied Wall, Tennyson; b. Mr. Brown Has His Hair Cut, Miss Carmer Dallas.

10. Act scene, "Julius Caesar," Shakespeare, Messrs. Ray Ethridge and M. J. Williams.

11. March, Hollander. First piano, Miss Mayme Mathews, Mrs. Fentem; second piano Miss Murray Lucas, Miss Gertrude Case.

An admission of 15c will be charged for the exercises given by the Fine Arts Department at the High school building tonight. The auditorium is too small to accommodate all who will come and this will limit the crowd and also give us some much needed revenue with which to pay the expenses incident to the commencement.

Hard Blow Last Night

Some things Moved Around and Several Hundred Dollars Damage Done.

Geel! but didn't it blow last night? What were you thinking about that time? But maybe you were in a storm cellar and don't know much about it. Things looked and sounded a great deal worse than they were. However, we once saw a wind no harder than that one last night give a reporter on a leading daily in Texas the biggest scoop of the year. The paper came out next day with four pages of cyclone news. There was to our certain knowledge one shade tree broken down and one house unroofed at that time. But that is telling an old story over, but the wind last night did considerable damage over the city, shades trees being twisted and limbs broken; fruit trees, heavily laden with fruit were torn out of the ground and stripped of their luscious fruit. A large window on the south side of the M. E. church was broken creating a damage of near \$200. Several sheds and out-buildings in various portions of the city were blown over and in some instances completely wrecked.

A large pane of glass at the home of W. C. Lee was blown out and stuck in the piano as if it had been driven there by hand, the wind being free to enter the house, fanned things about generally but no serious damage was done to any thing else.

The loss caused by the unwelecomed wind will when summed up run up to several hundred dollars here in Ada.

List your real estate with the Weaver Agency.

You should bear in mind the meeting at the court house tonight. The call was made yesterday and lest it slip your mind will call your attention to the fact that one of the most important steps in the history of state will be Saturday. The question whether the business man want to go on record as in favor or against the proposed amendment to Art. 9, of the Oklahoma constitution will be thoroughly discussed and also the advisability of taking some definite action in the matter. This article of the constitution is of just as much importance to you as it is to your neighbor. Why not be heard on it.

ROOSEVELT TALKS AT OXFORD

CATAclysmic CHANGES IN FAUNA OF WORLD COMPARED WITH CIVILIZATIONS.

SPEAKERS VOICE FAILS HIM

Unable to Finish Latter Part of Lecture—Sails for Home June 10.

Oxford, England, June 7.—Oxford today conferred on Theodore Roosevelt the honorary degree of doctor of civil law.

The ceremony took place in the Sheldonian theater, where for more than three centuries it has been the custom to hold the exercises, the annual commemoration of the founders and other official assemblies, but Mr. Roosevelt's reception surpassed in enthusiasm anything within the memory of the oldest Oxonian.

His Romanesque lecture, which dealt with "Biological Analogies in History," proved to be a powerful exposition of all the "strange analogies" as the lecturer himself expressed it, "in the phenomena of life and death, of birth, growth and change, between those physical groups of animal life which we designate as species, forms, races and the highly complex and composite entities which rise before our minds when we speak of Nations and civilizations."

Toward the close, Mr. Roosevelt's voice failed and he was obliged to leave undelivered a portion of his prepared lecture, but before he withdrew from the platform the former president had won the great audience that gathered in the theater by his vigorous utterances and forceful gestures, being cheered repeatedly at various stages of his speech. Even the usually solemn red-robed dons were carried away and stood up and joined in the loud-lunged hurrahs of the younger element.

Lord Curzon of Kedleston, chancellor of Oxford University, in introducing the newly created D. C. L., who appeared for the first time in the red robes of the doctorate, spoke of Mr. Roosevelt as "a ruler of men—the most conspicuous figure in America since Abraham Lincoln."

After touching on the former president's many achievements, the chancellor said:

"Although he is now taking a holiday, it is unreasonable that such a man long will remain out of public life."

Following the lecture Mr. Roosevelt and 150 Americans, including all the Rhodes scholars, lunched together. F. P. Griffiths presided and introduced the former president, who expressed the appreciation of all the Americans for the great gift of Cecil Rhodes and the hospitality of Oxonians to scholars.

Ambassador Whitelaw Reid proposed a toast to the King and the president. Speeches were made by several of the Rhodes scholars.

This evening Mr. and Mrs. Roosevelt dined with the vice chancellor of the university and remained at his residence for the night.

Nine cabins have been engaged for the Roosevelt party on the steamer Kaiserin Augusta Victoria, which will sail from Southampton June 10 for New York.

TO THE PUBLIC:

Having bought the stock of hardware formerly owned by the J. M. Collins Hardware Co., we are now ready to serve the public in our line. We solicit a part of your patronage and hope to merit the same by giving you just and honest treatment. Yours very truly, EVANS & DENNIS.

TO DOG OWNERS.

Your dog taxes are due and if not paid by next Friday, the 10th inst., your dog is subject to the death penalty. The tax is one dollar. GEORGE CULVER, Chief of Police.

Industry and Finance

GEN. BRANT KIRK ANNOUNCES FOR GOVERNOR

Former Judge-Advocate-General of Sons of Veterans—A Campaign Orator of National Reputation—A Missouri-Texas Democrat—Made a Hard Fight for Prohibition Three Years Ago, When Other Candidates Were Dormant—Put Hot Blast Under Ross, Gruce and Murray—To Make 200 Speeches From Automobile.

WOULD PEN GAMBLERS AND BOOTLEGGERS

They cost the Courts Millions, Would Devote same to Raise of Teachers' Salaries and to Roads and Bridges, that Farm Lands may advance. Stands for Professional Ethics and the Routing of Quacks; Protect Labor and legitimate Capital; Encourage Manufacturing; Against Federal Interference with State affairs; opposes State Ownership of Coal Mines, means too many appointments and corrupt Ring Power. Would Put the Demagogue and Negro out of politics; would force Foreign Insurance Companies to invest part of their premiums in the state—Issues challenge for joint debates to all Candidates.

Oklahoma City Candidate for Governor—Lawyer, Journalist, Ex-Traveling Man.

OPEN CHALLENGE.

To the Public, the Democratic Candidates for Governor and to Col. L. P. Ross in Particular

I hereby declare myself a candidate for the Democratic nomination for Governor of Oklahoma and challenge you, Col. Ross and all other candidates to joint discussions on the stump in 76 counties of the state. Col. Ross, the reason I direct this challenge to you in particular is because you are making a bitter fight on prohibition. You are asking for re-submission and open saloons—the ruin of the young man and society. As yet none of the candidates have had the nerve and backbone to call you to a halt. In fact they seem to try to ride both horses. Their plat forms indicate it. However, a big majority of their main backers are strong anti-Cruce Murray nor Robertson have ever dared to make a fight for either side (unless they are recent converts) while I spent six weeks of my time 3 years ago working and stumping for prohibition and gave \$100.00 to the cause. Rev. E. G. Dixwidy, Rev. J. J. Thompson of Tampa, Fla., and Rev. E. M. Sweet of Lawton, former managers of the Anti-Saloon League, will testify to this fact. I am unalterably opposed to re-submission, and hold that we are bound to keep faith with the terms of the enabling act and keep whisky out of the state for 21 years. I am in favor of state wide, national wide and world wide prohibition and if elected governor will do all in my power to have our constitution and laws so remedied that a bootlegger, while a slave trafficker and the bribe giver and the bribe taker will upon conviction have to serve at least two years in the penitentiary. I am also in favor of a jail sentence of one year for the bawdy house proprietors and the bogus check crook. Such laws as these I think would make the state clean and save our boys. Neither of us can misrepresent each other in joint debates nor deceive the people nor flirt with both sides and the people can better judge who is the best fitted man for Governor.

Kindly let me know at once if you will debate and our managers will meet and arrange the itinerary. I am also asking the other candidates to accept this challenge, which is for 76 and not two or three debates. I will put up a forfeit of \$200.00 that I will meet all of you 76 times.

All candidates must put up the same forfeit.

Respectfully submitted,
BRANT KIRK

PLATFORM AND HIS APPEAL TO THE PEOPLE.

Among other things I advocate loyalty to the Constitution, and its amendment when the public weal demands it, also I endorse the democratic platform and the democratic administration. I advocate taxation of individuals and corporations without discrimination; economy in the expenditure of public funds, and their deposit in home banks paying the greatest interest. I uphold the bank guaranty law. I favor inheritance and income taxation, and an election law disfranchising the ignorant negro; and also endorse the law providing for separate coaches for whites and blacks, with equal accommodations. I advocate educational advancement, compulsory school attendance of four months of the year up to the age of fourteen, and free books when necessary. I favor larger salaries for

teachers, 25 per cent increase, this will keep the best talent in the profession and in the state. I advocate a child labor law, and a more stringent law forbidding quacks, going by the name of doctors, practicing in the state, thus maintaining a high standard of professional ethics, and protecting human life.

I would enlarge the power of the Attorney General. Encourage labor and legitimate capital, and protect them. Both are needed to develop our matchless resources. By non-taxation for 5 years great impetus would be given manufacturing industries, and the state's population and wealth would soon be doubled, farm land would bring garden prices. I favor the building of Macadam roads and good bridges in every township, that farm lands may enhance in value, and town and country people be brought closer together. The criminals of this state cost the taxpayers approximately \$2,000,000.00 annually. This will pay for all the roads and bridges and give teachers an increase of 25 per cent in salaries, if the villains were routed from the state. I favor agricultural training schools conducted scientifically, state maintenance of the Confederate Home, and histories fair to the North and to the South.

I favor more elected and fewer appointed officials that machine power may be lessened. I advocate the encouragement of home enterprises, and would force foreign insurance companies to invest in the state three-fourths of the premiums they collect in it. The amount of premiums taken from the state annually by foreign companies approximates \$3,000,000. I favor laws that will keep money at home and that will bring in more, also stringent usury and collection laws.

I stand for state rigats, and shall, if elected Governor, make strenuous efforts to have Congress abridge the power of minor federal judges to the end that our freight rates and two-cent fare may not be wiped out by one stroke of a pen wielded by a foreign judge who knows less of our affairs than we, and that we may enforce our prohibition laws without federal interference.

I would not advise the state to go into the coal mining business or any gigantic undertakings that would open the way for graft and the payment of political debts in the way of hundreds of appointments by the governor. I favor government control but not ownership of railroads, it is undemocratic and dangerous, it means corrupt machine power—too many appointees.

Retain Article 9 of the Constitution. I advocate the detronement of trusts the enthronement of the people and the elimination of the demagogues. Let intelligence have away and the wheels of progress be not clogged, then our state will indeed be grand imperial Oklahoma, the pride of her people and the admiration of the world.

Mr. Murray's friends claim he is a farmer. I will wager that I can grind all the corn, cane and alfalfa (no cockleburs) in a coffee mill that he ever raised by the sweat of his own brow. Mr. Murray tries to farm the farmers more than he does his farm.

I appeal to Democrats, and to the good men and women of Oklahoma to support me in this fight and elect a legislature in sympathy with my ideas of government and we will rid the state of a band of criminals that costs the taxpayers millions of dollars and the state thousands of lives and heart broken mothers. I am not able to pay for brass bands or Murray special trains or to Crockett big daily papers with gold. In fact I do not own vast tracts of inter-married Indian land (not taxed) as Mr. Murray and Mr. Cruce. Hence I insist that my friends meet at once in every town, hamlet and school house and organize Kirk clubs. If you favor me for Governor send me a postal card, or send the card to my minister in Oklahoma City. I shall speak in all the counties. Come to hear me. As for my moral standing and ability I refer you to South M. E. churches and citizens of Waco, Texas, McAlester, Okla., and Oklahoma City, where I have lived for almost 25 years, save five years in Missouri and Arkansas, or to Palmerville, N. C. where I was born. I was reared on the farm, belonged to the farmers' club at the age of 18 after the death of both parents. I have made more than a hundred speeches in the North without pay during the last four campaigns. I am sincerely for Oklahoma's progress and development, her honor and good name.

BRANT KIRK,
Lee Hotel Oklahoma City

Teachers Organize a Kirk Campaign Committee to Urge the Election of Hon. Brant Kirk

Oklahoma City May 23—We the Kirk Teachers' Campaign Committee, wish to impress upon the teachers of Oklahoma the importance of electing Gen. Brant Kirk Governor.

We are for him because he is a big broad-gaged statesman—far ahead of the ordinary politician. He is one of the big young men of America, and absolutely honest. He is a true dignified scholarly gentleman who possesses the brain, forethought, manhood and patriotism to make Oklahoma a greater state. He is the only candidate who has the grit to ask for a 25 per cent increase in teachers' salaries, and the nerve to say he favors routing a band of criminals from the state, by making their crime a felony, who cost the state millions of dollars in court expense. We know him. We know he means business. We insist that every teacher in Oklahoma, irrespective of politics, organize a Kirk Club in his or her respective district, and see that he is nominated for Governor on the Democratic ticket August 2d.

ALL TO BE CRAZY.
Dr. Kellogg Says Many Fatal Diseases on Increase.

Boston June 6—If the increase in insanity keeps up at the present rate we shall all be insane 265 years from now, said Dr. J. H. Kellogg, professor of surgical pathology and superintendent of the Battle Creek (Mich.) Sanitarium addressing the graduating class of the college of physicians and surgeons yesterday.

Physical degeneracy and chronic diseases are increasing continues Dr. Kellogg. Heart disease has increased 135 per cent in the last 30 years. Kidney disease has increased in Massachusetts almost 165 per cent. We are not making the advance that we ought. Cancer is increasing. One-eighth of adult women who die today die from cancer.

Insanity has increased 100 per cent in the last 50 years. Fifty years ago there were 9,000 insane people to every million. Today there are 18,000. There are 34,000 idiots and lunatics to every million people in the world. It is due largely to the increased physical degeneracy originating from our manner of living.

Women particularly are showing the results of this degeneracy in the decreased birth rate and the thriving of the concerns manufacturing infants' foods. Only three women out of four nurse their infants owing to the physical degeneracy which makes it impossible.

Seventy-five per cent of the bottle-fed children die before they are a year old.

Tulsa Building Big Factory.

Tulsa June 8—The first work toward the erection of the Oklahoma Rod Company's plant started yesterday. The plant will be rushed to early completion and will be in operation by the first of September. By another year it is expected to be the largest plant of its kind in the United States. This is according to W. C. Norris, the president of the company who is bringing the plant here from Tiona Pa. The plant is one of the first secured by the Commercial Club under the new regime.

Frisco railroad engineers will arrive in the city this morning to lay out a switch for the unloading of supplies for the building of the plant. Contractors will bid on the construction of the plant tomorrow and the contract will be let immediately. It will specify that the work be begun at once and completed within sixty days. The machinery to be installed will be enroute shortly.

NEGRO SOLDIER ARRESTED.

Private Identified by Nine-Year-Old Girl as Mother's Assailant.

Seattle, Wash., June 6—Private Nathaniel Bledsoe, Company D Twenty-fifth infantry was positively identified today as the man who attacked Mrs. J. W. Redding at her home near Lawton Saturday night. Final identification was made by Mrs. Redding's 9-year-old daughter, Eva who witnessed the attack and whose screams frightened the man away.

Bledsoe is a negro soldier and was ordered under arrest yesterday, when evidence began to accumulate showing that he was connected with the assault.

STRAIN TOO GREAT.

Hundreds of Ada Readers Find Daily Toll a Burden.

The hustle and worry of business men,
The hard work and stooping of workmen,
The woman's household cares,
Are too great a strain on the kidneys.

Backache, headache, sideache,
Kidney troubles, urinary troubles follow.

An Ada citizen tells you how to cure them all.

E. L. Canterbury Sixteenth St., Ada, Okla. says I can recommend Doan's Kidney Pills lightly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

\$1,000.

A 4-room frame house and 2,000 feet in south part of city. Refused \$1,250 for this property a Year ago.

INGEROLL DIRECTOR TO BOOST SAN JOSE, TEXAS.

Dallas, Tex., June 8—Charles A. Davis, who had a long career as press agent for Forepaugh, Barnum and Sells Bros. and as the director of the lecture tours of Robert G. Ingersoll, and who has been doing the health seeking act in the Southwest for ten years, has settled at young San Jose Tex., where he has become a member of the staff of Col. A. D. Powers, exploiter in chief of the new town.

San Jose, the locale of which is five miles from San Antonio is built around the famous Terrell hot sulphur well the importance of which has been enhanced by the late discovery that its water contains "radio-activity."

Mr. Davis, who is well known in Dallas, writes that San Jose has a perfect climate and probably the best sulphur water in the world.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke simply press the button and we do the rest.
